U.S. STATE SECRETARY DULLES  
... grave threat, ominous implications.

FORMOSA CRISIS

Dulles Calls for Prompt Cease-Fire

UNITED NATIONS, N.Y. (CP) — State Secretary Dulles of the United States declared today that the Chinese Communist campaign against Formosa "poses a grave threat, with ominous implications." He called for a prompt cease-fire.

Dulles made his comment in a policy address before the UN General Assembly as that 81-power body opened general debate in its 13th regular session.

He expressed hope the talks now in progress in Warsaw between U.S. and Chinese ambassadors would end the current crisis, but reserved the right to bring the problem to the UN if the talks appeared headed for failure.

Referring to the Warsaw talks, Dulles said:

"We seek a prompt cease-fire and equitable conditions which will eliminate provocations and leave for peaceful solution the different claims and counter-claims that are involved."

"If it seems that the bilateral talks between ambassadors are not going to succeed, the United States reserves the right to bring this matter to the United Nations."

Coldwell to Speak in City

NAKED FORCE

Dulles charged that the Chinese Communist regime now is attempting to extend its authority to the offshore islands "by use of naked force."

"The issue is thus a simple one of armed conquest," he said.

He said the current actions of the "helping government" demonstrated "again that China is not 'peace loving' — a phrase used in the UN charter in defining requirements for membership in the world organization."

Dulles spoke a few hours before the assembly's steering committee was to consider whether the UN should debate the question of seating Red China. The committee was expected to reject an Indian proposal for such a debate.

M. J. Coldwell, national leader of the Co-operative Commonwealth Federation, speaks in Prince Charles Hotel, Penticton tomorrow night, as the first guest speaker of the Canadian Club for the 1958-59 season.

Mr. Coldwell, former M.L.A. for Rosetown-Biggar, is recognized as one of Canada's most distinguished elder statesmen.

His topic tomorrow is "Prospects for Socialism in Canada."

Canadian Club members will be given first preference to hear Mr. Coldwell. Dinner tickets will be sold only to those who have paid their current club membership fees (\$3.50 single or \$5.00 per couple).

Bona fide members, however, can bring guests but they are asked not to bring more than two each.

Two Coast Men Killed in Crash

KEREMEOS—Two elderly men were killed and a woman critically injured when their car left Highway No. 3 about four miles west of here and crashed into a tree yesterday afternoon.

Dead are the driver and owner of the car, Robert D. Smith, about 60, of 2892 West 35th, Vancouver, and his front seat passenger, Edward Brandroth Powell, between 60 and 70, of 6543 Maple Street, Vancouver.

Injured and in critical condition in Penticton General Hospital today is Powell's wife, Rebecca.

Police said the 1951 model car left the highway as it rounded a fairly sharp curve. There was no indication of excessive speed and no skid marks.

The front end of the vehicle was heavily damaged.

Persons arriving at the scene of the crash said the driver appeared to be blue about the face, a symptom that might indicate he suffered a heart attack just before the accident.

Mrs. Powell was rushed to Penticton hospital by Keremeros Ambulance. Her legs were reported severely injured.

Dead are the driver and owner of the car, Robert D. Smith, about 60, of 2892 West 35th, Vancouver, and his front seat passenger, Edward Brandroth Powell, between 60 and 70, of 6543 Maple Street, Vancouver.

Mrs. Powell was rushed to Penticton hospital by Keremeros Ambulance. Her legs were reported severely injured.

Cabinet Will Meet Sunday

OTTAWA (CP) — The cabinet is scheduled to hold an unusual Sunday meeting this weekend.

It is understood that this date was fixed to make it possible for several cabinet ministers out of town on other duties to attend.

Finance Minister Fleming, Trade Minister Churchill and Defence Production Minister O'Rourke have been attending the Commonwealth economic conference in Montreal and External Affairs Minister Smith has been in both Montreal and at the United Nations General Assembly meeting in New York.

Oil Maps Valued At \$7 Million Reported Stolen

HOUSTON, Tex. (AP) — Federal and oil company officials are trying to track down reports that oil maps valued at \$7,000,000 have been stolen.

Gordon Kroll, lawyer for the Edgar Tobin Company, said the maps were made by the Tobin firm and sold to major oil companies.

TODAY'S BULLETINS

Protests Penetration of U.S. Warships

LONDON — (AP) — Red China charged that United States warships penetrated Chinese territorial waters six times today and demanded a halt to these "serious armed provocations." A Chinese foreign ministry spokesman, quoted by Peiping radio, said U.S. warships provocatively stationed themselves in the vicinity of Communist territorial waters Sept. 15, Sept. 16 and Wednesday.

UN Team in Lebanon to Be Increased

UNITED NATIONS, N.Y. — (CP) — The United Nations observation group in Lebanon will be increased during the next few weeks, it was announced today. At present the force has 217 officer ground observers, 22 air officers and 46 non-commissioned officers.

Supreme Court Registrar Dies in East

OTTAWA — (CP) — Alan B. Harvey, appointed registrar of the Supreme Court of Canada last Jan. 28, died at his home here today. He was 59. Cause of death was not immediately available. He was the only son of the late Chief Justice Horace Harvey of Alberta.

France Considers Emergency Steps

PARIS — (Reuters) — Emergency measures to fight stepped-up Algerian terrorism in France are expected to be considered at a cabinet meeting today. Planned emergency measures are reported to include creation of special anti-terrorist flying squads, including experienced policemen from North Africa, recall of 12,000 to 15,000 gendarme reservists, an increase in day-and-night police patrols and reinforced protection for government officials.

Thieves Raid City Store for Third Time

Thieves broke into Curly's Appliances last night for the third time in three weeks and made off with \$177 worth of merchandise.

Curly Cox, owner of the store, was called by RCMP at 2:15 a.m. when the break-in was discovered.

Entry was gained into the building by breaking a window on one of the back doors and reaching inside to throw the latch. Two irons, a vacuum cleaner, a transistor radio, and a kettle were stolen. All of the missing goods were from the back of the store. No money was taken.

The front door was found unlocked. The thieves presumably made their getaway on Main street.

RCMP are investigating the break-in.

The break-in at Curly's Appliances last night was the second within a week. Last Friday thieves made off with a TV set and a steam iron, the total value estimated at \$225.

Entry was made into the building the same way both times — by breaking the glass on one of the back-door windows and then throwing the catch from the inside.

On August 28, Penticton Television and Radio Service, below Curly's Appliances, was broken into in the same manner. The culprits escaped with \$150 worth of radio equipment.

It is believed that the same men are responsible for all three break-ins.

U.S., China Negotiations Adjourned

WARSAW (Reuters) — American-Chinese ambassadorial talks on the Formosa strait crisis lasted almost two hours today and then adjourned until 10 a.m. Sunday.

Jacob Beam, United States ambassador to Poland, and Chinese ambassador Wang Ping-nan, aside from telling reporters when the next meeting will be, left the meeting as wordlessly as they arrived.

Neither gave the slightest hint as to the progress of their negotiations.

Today's meeting was the 75th in a series between the United States and Communist China stretching back to 1955.

CANADA'S HIGH-LOW  
Regina and Prince Albert 75, Whitehorse 25.

SIGN FAILS TO STOP THIEVES

Thieves have been stepping lightly in and out of Curly's Appliances, 474 Main Street. Last night for the third time in as many weeks the building was broken into and merchandise stolen. So far a total of about \$450 worth of goods have been

lifted from Curly's and Penticton Television and Radio Service, both of whom share the building. Curly Cox, owner of Curly's Appliances, inspects the broken window through which the culprits reached to throw the catch on the back door.

Reds May be Asked to Join World Trade Pacts

By HAROLD MORRISON  
Canadian Press Staff Writer

MONTREAL (CP) — Commonwealth countries today indicated they may appeal to Soviet bloc countries to join world trade pacts as a means of ending cut-throat competition that may wreck established markets for various products.

Arab Powers Agree to UN Peace Plan

UNITED NATIONS, N.Y. (AP) — The United Arab Republic, Jordan and Lebanon are reported to have agreed to a plan for UN peace representatives in their countries.

Sources said Wednesday night the three powers gave their consent to Secretary-General Dag Hammarskjöld on his recent Middle Eastern trip.

Hammarskjöld is to report to the General Assembly by Sept. 30 on his progress toward ensuring peace in the troubled area and facilitating withdrawal of U.S. troops from Lebanon and British forces from Jordan. UN officials declined to comment on his progress.

UN PRESENCE

Hammarskjöld is believed to have advocated a plan for what was called a UN presence in the three countries to watch for foreign interference. Both the outgoing government of Lebanon and King Hussein of Jordan have accused President Nasser's United Arab Republic of trying to overthrow them.

Although details were not made public, the sources indicated the three countries had accepted a form of Hammarskjöld's plan. Some diplomats said a roving UN ambassador would be named with aides in each country. Others said a peace committee might be established.

In either case, the sources said, Nasser refuses to accept a UN representative in Cairo but would permit one in the U.A.R.'s provincial capital of Syria-Damascus. Similar reports came from Cairo before Hammarskjöld returned to New York last Saturday.

Australia's Trade Minister John McEwen led off on a two-hour discussion on the East-West trade issue at the Commonwealth trade conference and spokesmen said there appeared to be wide support for Australia's suggestions to negotiate with Russia and her satellites.

However, no firm decision was taken on the matter at the moment and the question was to be raised again before a firm Commonwealth declaration was issued.

Trade Minister Churchill, speaking for Canada, was reported to have told the conference that Russia seems always to be selling products on the world market at a little less than the established price.

DELIBERATE ATTEMPT

He said this seems to be an apparent, deliberate attempt by the Communists to disrupt established trade patterns.

Conference spokesmen said that virtually every Commonwealth member country welcomed East-West trade but objected to this Soviet below-price trade practice.

Indian and Pakistani delegates told how Communist China was offering textiles at just one-cent a yard below their prices. There were similar situations in tin, flax, aluminum, zinc and manganese.

Spokesmen said the conference felt Red China was using trade as a political weapon. For example, it showed off industrial machines at international fairs but when a person came to order some, there was no follow up. China didn't seem to have enough of the machines for sale.

Death Toll Rises As Typhoon Hits Centres in Japan

TOKYO (CP) — Twenty-two persons were reported dead, 42 missing and 108 injured as typhoon Helen lashed Tokyo and eastern Japan this morning, sped out toward the Pacific Ocean, then headed back toward the northern Japanese island of Hokkaido with renewed fury.

The casualty list in Tokyo and eastern Japan came from national police headquarters, which also reported varying degrees of typhoon damage to 30,000 homes. There was a possibility the casualty total may rise as reports continued pouring in.

More than 200 bridges have been destroyed and landslides and heavy floods cut communications with the capital.

Central and western Japan were worst hit and thousands of acres of rice paddies were damaged by high winds and torrential rain.

Japanese coast guard patrol boats continued their search off Tokyo and Yokohama for the crews of 75 fishing vessels known to have been sunk when the storm passed over the Tokyo area earlier today.

CPR Policeman Struck in Scuffle

VANCOUVER (CP) — The Canadian Pacific Railway's ferry Princess Patricia, tied up here Wednesday night when union seamen refused to sail after the arrest of a Seafarers' International Union patrolman, returned to service at 11 a.m. today.

Roderick Heinekey, whose arrest sparked the walkout, appeared in police court on a charge of assault causing bodily harm and was remanded to Sept. 24.

Sgt. H. J. Ives, a CPR policeman, was struck in a scuffle aboard the Princess Patricia where Heinekey had been holding a union meeting. Four stitches were required to close a cut on his face.

CPR officials said Heinekey had no right to hold the meeting while the ship was in operation and cancelled his boarding pass. The scuffle followed.

Sailing of the Princess of Nanaimo was also held up for a time following the incident aboard the Patricia, but all ferries are operating on schedule today.

SIU port agent Norman Cunningham said the crew members were "thoroughly fed up with the CPR refusing to do anything about their complaints." He said some of the complaints were about food.

The wildcat strike forced cancellation of the ferry's regular 7:15 p.m. departure Wednesday night.

After Mr. Heinekey's arrest SIU Port Agent Norman Cunningham said to the scene and held negotiations with company officials and R. K. Smith, who was named administrator of the service last July by the federal government.

After 90 minutes of talks the crew of the Nanaimo agreed to sail.

The Princess Patricia resumes regular sailings today.

Mr. Heinekey apparently called the meeting aboard the Princess Patricia in time to hear complaints about food and living conditions from the men.

CPR spokesmen said the men refused to man the ship when asked to do so by Captain James Anderson.

They said Mr. Heinekey had ordered them not to sail.

The men then walked off the ship and held a meeting in a CPR waiting room.

CPR policemen, headed by Sgt. Ives, moved into the waiting room in an attempt to halt the meeting.

Company officials claimed Sgt. Ives received face cuts and possible cracked ribs in the ensuing scuffle.

They said the regular grievance procedure requires that the company be informed when meetings are to be held and that they be held at times when the ship is not in operation.

Mr. Cunningham claimed the company's "arrogant" attitude started the whole affair.

B.C. ROUNDUP

Elderly Chinese Beaten, Robbed

(Compiled from CP dispatches) — VANCOUVER—Hung Jew Eng, an elderly Chinese junk collector who has become a familiar sight in Vancouver's East End streets and back alleys, was brutally beaten and robbed Wednesday night.

He was reported in only fair condition in hospital today.

Police said the 72-year-old crawled more than 100 yards after the beating in an alley and then collapsed. They said it was probably some time before his unconscious form was spotted by a citizen at 1 a.m.

The elderly Chinese has been pushing an old wheelbarrow around the East End for years in search of old rags and junk. His habit of bending double over his barrow and disregarding traffic lights has caused many motorists some anxious moments.

It was not immediately known how much was stolen.

DUNCAN — A Honeymoon Bay woman was instantly killed and her 15-year-old son suffered serious head injuries when their car failed to negotiate a curve on the Mosquito Lake-Cowichan Lake Highway Wednesday and smashed into a stump off the roadway.

Killed was Mrs. Doris Nash, 40, a Duncan stenographer employed by the North Cowichan municipality. In hospital with severe head injuries is her son Michael.

VANCOUVER — Gino Gnangrande, 28, accused of murdering Jean Wardrop, 25, became

"Today's News—Today"

## LOSE FOUR CHILDREN IN OTTAWA FIRE

Mr. and Mrs. August But, above, register their despair as they contemplate the deaths of their four children, all of whom perished in a fire in an Ottawa tenement house which claimed a total of seven lives. The children were in their small apartment awaiting the arrival of a baby-sitter when the fire started. Within a few min-

utes the entire structure was ablaze allowing no chance for rescue. Firemen had the blaze under control in less than an hour but that was not fast enough to save the But children, a four-year old girl who was visiting them, and two adults living in the same building.

## Researchers to Probe Causes of Retardation

By RICHARD ANCO  
Canadian Press Staff Writer  
CALGARY (CP) — The Canadian Association for Retarded Children is embarking on a national medical research program designed to help prevent what it describes as one of Canada's gravest social problems—mental retardation in children.

Mrs. J. O. Arrowsmith of Toronto, CARC research committee chairman, announced Wednesday the association is proposing to appoint a scientific advisory board of eminent specialists to direct a "vigorous program" in all the sciences.

The idea behind such a program, delegates and observers to the first national conference on mental retardation were told, is two-fold — to discover causes of retardation and to develop ways of preventing it in the future.

The three-day CARC-sponsored conference, with some 200 participants in attendance, ends Friday. It is the first of its kind held in Canada.

**NO KNOWN CURE**  
Mrs. Arrowsmith said three per cent of Canada's population, about 480,000 persons, suffers from some form of mental retardation. There is no known cure. But preventive medicine may find answers to protect babies still to be born.

To help the CARC in its research program the Junior Red Cross of Ontario has pledged a grant of \$5,000 a year for three years for a headquarters in Toronto to start a national scheme. It has also offered the associa-

tion \$12,000 a year for five years to set up a research professorship in bio-chemistry of mental retardates in one of three Ontario university medical schools.

The Red Cross, which has also funded a project in Ontario to study the RH factor in blood that results in many infant deaths, has provided the CARC scholarships of \$2,400 and \$3,000 for persons to study at the doctorate or graduate level the psychology or psychiatry of mental retardation.

In a conference panel discussion Wednesday, Dr. Henry Dunn, professor of pediatrics at the University of British Columbia, described retardation as "arrested or slow development of the mind." He said it is the most important chronic disability among children in Canada.

**CONSIDER BASIC CAUSES**  
The panel considered bio-chemical, genetic, neurological and environmental causes of retardation, leaving most of the argument for hereditary retardation to Dr. Margaret Thompson of Edmonton, geneticist at the University of Alberta.

Dr. Thompson claimed there is evidence of hereditary traces in the families of mentally deficient children. The bio-chemical defects of some retardates were connected with genetics. However, many causes stemmed from poor pre-natal care.

Dr. Wallace Grant, assistant professor of pediatrics at the University of Alberta, felt "the emphasis on heredity is being replaced by an emphasis on the environmental factors." Restricted

## New Approach Seen For Developing North

By DON HANRIGHT  
Canadian Press Staff Writer

EDMONTON (CP) — When the first northern development conference was held here a year ago the delegates—industry and government leaders—talked of reaching into Arctic and sub-Arctic mineral areas by pushing roads and railroads north from the provinces.

This, they said, was the key to northern development. Wednesday, while still searching for that key to open the door from the south, delegates began their second annual conference by considering the possibility of a second door—one opening from the north.

That possibility, raised when the U.S. atomic-powered submarines Nautilus and Skate crossed the Arctic Ocean under the polar ice cap, was discussed by two speakers.

**SUBMARINE CARGO SHIPS**  
Resources Minister Alvin Hamilton said that with this feat, it becomes fanciful—but not fantastic—to "visualize submarine cargo ships on the world's oceans within 10, or at the very latest 20 years."

American and British firms were "actively investigating" the

feasibility of commercial submarine transports. Should these ships appear, Canada's ice-covered northern waters "could be transformed from barriers to opportunities."

Mr. Hamilton said he already has made arrangements for the "very fullest study" of these possibilities.

"If these submarines should come into service at competitive cost, they could provide an economic foundation for a full development of the resources of one-quarter of Canada. And, like other forms of transportation, they would encourage every stage of mineral development from prospecting to ultimate production."

**NEW FUTURE**  
Earlier, outlining northern oil

## Token of Thanks To Departing School Inspector

SUMMERLAND — E. E. Hyndman, former school inspector for this area and now chief inspector of schools for B.C., received a brief case from Summerland school board before he left for Victoria.

W. Laidlaw, chairman of the board made the presentation and thanked Mr. Hyndman for his help. B. A. Tingley, secretary-treasurer, was asked to write a letter to the Deputy Minister of Education in appreciation for Mr. Hyndman's services.

District Superintendent of Schools, C. E. Clay, attended the meeting and was welcomed by the board. Mr. Clay succeeds Mr. Hyndman.

and gas potentials for the 300 delegates, W. E. Dingle of Edmonton, head of Imperial Oil Limited's western producing department, said the Skate and Nautilus opened an entirely new future for oil transport.

Mr. Dingle noted that production of the estimated 33,000,000 barrels of oil in reserve in the northern mainland and Arctic islands depends wholly on markets, for which the present outlook was "not good." With large-scale oil production in the western provinces, the north probably would have to look outside Canada for its markets.

"Submersible tanker barges towed by atomic submarine tugs travelling the much shorter distance to Europe might easily compete with surface tankers from the Middle East. It would be interesting if atomic power in submarine transport was to provide the means of transporting its most competitive fuel to markets."

Dealing with more immediate activity, Mr. Dingle said that only 89 exploratory wells have been drilled in the Northwest Territories. He said later that on several occasions that drilling figure has been reached in one month in Alberta.

**COMMERCE OFFICIAL QUILTS**

NEWPORT, R. I. (AP)—President Eisenhower Wednesday accepted "with great personal regret" the resignation of Walter Williams as undersecretary of commerce. Williams, 62, said that for business, family and other reasons he feels he must return to his mortgage banking firm in Seattle.

## Multi-Racial World Seen By Indian Leader

MONTREAL (CP) — A prominent West Indian sees the world of the future as a "multi-racial, plural community" moulded that way by the drive arising among underprivileged peoples.

Dr. C. G. D. LaCorbinere, trade minister of the West Indies Federation, outlined his vision of a world of inter-mixed races to reporters at the Commonwealth trade talks.

The 46-year-old cabinet minister said he hoped increased emigration from the West Indies to Canada will be possible in due course "these things take time."

**OUTLINES THEORY**

Then, he went on to outline his theory that ultimately existing immigration barriers will break down before the need of people

THE PENTICTON HERALD 2  
Thursday, September 18, 1958

from different corners of the world to travel to new places, settle down and tackle opportunities to improve their lot. The British-educated West Indian said: "One day all the people of the world will be all over the world. We will have a multi-racial, plural community. The world can only end that way. "Come to Trinidad mixed colors and races are all mixed up and you will see what I mean. Sooner or later the whole world must be that way whether we like it or not."

## ON DISPLAY TOMORROW, BUICK '59

# THE CAR

ELECTRA 225 IN THE EYE-STOPPING NEW AEROBIC HARDTOP

A GENERAL MOTORS VALUE

Here it is . . . and now you know! Know why we have called this **THE CAR**. Know that a new generation of great Buicks is truly now here. From just this one view you can see that here is not just new design . . . but splendidly *right* design for this day and age. A car that is lean and clean and stunningly low . . . and at the same time great in headroom and legroom, easy to get into or out of. And when you see your Buick Dealer and walk the

whole wonderful way around this Buick, you'll know still more how *right* all this is. From anywhere you look, here is a classic modern concept that is Buick speaking a new language of today. A language of fine cars priced within the reach of almost anyone. A language of quality and comfort and quiet pride of ownership . . . a language of *performance satisfactions* without equal. See BUICK '59: **THE CAR** on display at your local Buick dealer's.

**THE LOOK.** It's a clean, lean, new kind of fine-car look. Fresh. Crisp. Splendid. It's a look that proclaims your good taste to the whole wide world. The look of the best-engineered, best-manufactured Buick ever built . . . and the most excitingly beautiful design in Buick's nearly 60 proud years.

**THE ACTION.** Get the feel of thrifty new Wildcat engines. New Equipoise ride . . . fine-cooled rear brakes and aluminum front brakes . . . constant-speed electric windshield wipers. New Easy Power Steering. New automatic transmissions. New conditioned air.

**THE QUALITY.** Buick quality to the core, new super-quiet bodies by Fisher — and there just isn't anything better. New Magic Mirror finishes stay almost everlastingly fresh. New interior decor throughout. Safety Glass everywhere. A new hardtop design—closest ever to having no top. New portable transistor radio. New convenience adds to pleasure everywhere you turn! Yours to test, yours to savor—the look, the action, the quality of the magnificent new Buick for 1959. If you know cars—and if we know you—**THE CAR** is your car!

\*Optional at extra cost on certain models.

## Reds Threaten to End Nuclear Ban

LONDON (AP) — The Soviet Union today renewed its threats to end a self-imposed ban on nuclear weapons tests unless the United States and Britain stop their tests immediately.

The two Western powers have announced a halt to tests for one year, beginning Oct. 31 when they open talks with the Soviet Union on a worldwide nuclear explosion ban, provided the Soviet suspension continues.

Moscow radio did not mention

## Professor Dismissed Over Letter

WINNIPEG (CP)—Prof. Harry Crowe, fired by United College here, said in an interview he has made no plans to teach elsewhere.

The professor, who charged there had been a breach of academic freedom in the handling of a personal letter he sent to another teacher, received a letter Monday from the college stating that his services would cease immediately.

The charge is being investigated by a committee of the Canadian Association of University Teachers.

The professor charged that the letter, written while he was temporarily teaching at Queen's University, Kingston, was intercepted at United College and reached the principal, Dr. W. C. Lockhart. Prof. Crowe said he had no comment to make on the dismissal as the matter of the letter and his contract was under investigation by the association. The college and board of regents declined to give any reason for the dismissal.

Prof. Vernon Foyke of the University of Saskatchewan, head of the CAUT committee, said Tuesday the committee was obligated to report to the CAUT and that it would not go above the association's heads by making a statement to the press.

this Western suspension. But it indicated Russia would not wait until Oct. 31.

"If Britain and the U.S. continue to perfect nuclear weapons by means of test explosions, the Soviet Union also probably will be forced in the final analysis to resume tests," the English-language broadcast said.

**FORCED TO RETRACT**  
"Western powers are simply forcing the Soviet Union to take back" its own test suspension announced last March 1, the radio added. "That suspension came shortly after Russia concluded an extensive series of nuclear blasts and just before tests by the U.S. and Britain were to begin."

Soviet Foreign Minister Andrei Gromyko said at the time that Russia would feel free to resume testing if the two Western nuclear powers did not follow suit. Soviet Premier Nikita Khrushchev agreed Aug. 29 to send his negotiators to Geneva Oct. 31 for the talks. At the same time, he accused the United States and Britain of using Russia's ban to gain military advantage.

The continued Western tests "relieve the Soviet Union of the obligations it had assumed," Khrushchev said. Some Western observers considered this a hint Russia would hold more tests.

The U.S. Atomic Energy Commission announced Sept. 8 that it had completed nuclear tests in the Pacific but 10 low-powered atomic blasts in Nevada, now scheduled before Oct. 31. Britain still is conducting tests in the Pacific and says she will continue until the Geneva talks begin.

## Double Pay for Seamen Sailing In Formosa Area

LOS ANGELES (AP)—Double pay for worst coast seamen sailing in the Formosa area is provided in a new agreement signed by the Pacific Maritime Association and maritime unions here. Besides double pay, seamen will get \$10,000 in life insurance and \$100 to \$150 in bonuses if a ship is destroyed or damaged.

## Mine Tests Show Gratifying Results

KEREMEOS—P. H. Campbell of Toronto, in an interview here, said the Horn Silver property of Canada Radium Corporation, in the Similkameen district, is shaping up nicely following the latest series of diamond drill holes.

There are now eight drill holes, and results are very satisfactory, particularly in regard to native silver and gold assays.

A 45-ton trial shipment has been sent to Trail.

B. W. W. MacDougall of Vancouver, mining engineer, was in the district recently. H. Parliament, mining engineer of Toronto, has arrived to take charge of the operation of the Horn Silver.

## TALK OF THE VALLEY

### NEW ROTARIANS

Two new members were welcomed into the Pentiction Rotary Club at yesterday's luncheon at the Prince Charles Hotel. New Rotarians are George Coombes, manager of the Bank of Montreal, and Wilf Maynard, manager of Safeway. In welcoming the new members, Jesse Widby, governor of District 506 of Rotary International, said, "You are each one of a hundred. Rotary is a way of life, a philosophy of life, a spirit." The Pentiction Club has moved from 23rd to tenth place among Rotary Clubs in attendance.

### GOODWILL TOUR

Cee Sharpe, whose El Rancho Motel has hit 86 per cent in booking since March, is off on a goodwill tour of the Okanagan today. Kootenay, Kamloops and Vernon are his ports of call. Next week he makes a similar trip through the Kootenays. "You can't rest on your laurels in this game," says Mr. Sharpe. "Each year I intend to make a similar trip making myself known to other motel operators. Business never drops in a man's lap." Sounds like good thinking.

### THE SHIRALEE

If you like your movies earthy and close to real life take in "The Shiralee" at the Pen-Mar. You'll have to suffer through one of Hollywood's weaker efforts on the double-feature bill, but "The Shiralee," made in Australia with Australian actors (plus a sprinkling of U.K. stars) will give you a side of the Commonwealth you haven't seen before.

### PAVING ROAD

Pentiction motorists will have to make a few detours while driving around the east side of the city during the next few days. Paving crews are laying down asphalt along Ellis Street north from Eckhardt Avenue.

### REVISED VOTERS' LIST

Court of revision for Pentiction's civic election voter's list will be held in the city hall on November

1. Mayor C. E. Oliver and aldermen A. C. Kendrick and Elsie MacCleave will represent the council.

### CENTENNIAL BLOOMS

Residents and visitors to Summerland alike are thrilled with the flower displays that Bill Gallup has provided at the entrance to Memorial Park, West Summerland, and in boxes throughout the business section. The display at the park entrance, about 100 feet long, is particularly outstanding. The displays are Mr. Gallup's centennial contribution to his community.

### \$500 JACKPOT WINNER

Al C. Robertson of Garnett Valley, Summerland, is \$500 richer today for having attended Pentiction Legion Branch 40's bingo party last night. Mr. Robertson, son-in-law of Ed Amos, a longtime Pentiction resident, won the \$500 jackpot.

### MOUNTAIN MOVED

Construction crews have moved a mountain alongside the Naramata Road. What was formerly a formidable bluff overlooking Lake Okanagan has been levelled off and the land has been sold to a Calgary couple, Mr. and Mrs. Fritz Maier, who are coming to spend Mr. Maier's retirement in Naramata. Yachting enthusiasts, they are planning to build a boat house on the lake and pursue the sailing game.

### PUPPY'S SEX STILL IN DOUBT

A five-year-old Summerland girl isn't quite sure what her new puppy's going to be but she knows what it won't be.

She is to receive one of the litter of six canine youngsters that arrived at the Nick Budding home, Peachland Highway.

Asked whether her puppy would be a boy or girl, the little lass replied: "I don't know, but it's not a female."

## Valley Youth Hurt At Cape Town, S.A.

RUTLAND—A former Rutland youth, who joined the Royal Canadian Navy over four years ago, and was severely injured in a road accident in South Africa September 1, now is off the "serious list."

Mr. and Mrs. Ralph Fufli, Rut-

land, have been advised by cable that their son, Rene, is making satisfactory recovery after suffering a serious skull fracture and other injuries in the accident. Details of the accident are not known.

ABEEM Rene Fufli, who is an engine room mechanic on a British submarine Alaric, was a former member of the Kelowna Sea Cadets Corps. He joined the RCN in June, 1954.

He was with HMCS Magnificent, the RCN's aircraft carrier, at the time of the Suez Canal seizure by British, French and Israeli troops. The Magnificent assisted in United Nations occupation of the disputed area.

Rufli, who is 21, transferred to the British submarine service several months ago. For the past six weeks, the submarine Alaric has been at Cape Town, South Africa, as part of a training cruise out of Portsmouth, Eng.

### Anglican Men's Club Starts New Season Wednesday

Right Rev. A. H. Sovereign, D.D., retired Bishop of Athabasca, will be guest speaker when St. Saviour's Men's Club reconvenes for another season at a supper meeting Wednesday, Sept. 2, Bishop Sovereign will be the guest speaker at the inaugural meeting of the club in November, 1955.

The club will continue its practice of holding three corporate communion breakfasts per year on St. George's Sunday, on the first Sunday following the September meeting and on the Sunday prior to the January meeting.

### Students' Council Names New Officers At Similkameen

KEREMEOS — The Students' Council of Similkameen Junior-Senior High School reconvened for the first meeting of the school year with the following slate of officers elected:

President, Leslie Vanderlinde; vice-president, Bill McCague; secretary, Iona Frambach; treasurer, Helen Barker; boys' club representative, Grant Clark; girls' representative, Bernice Bevercombe.

Class representatives are: Div. 1, Vlei Pitt; Div. 2, Robbie Williams; Div. 3, Edith Reichert; Div. 4, Brian Morley; Div. 5, Joe Ward; Div. 6, Bernard Frambach; Div. 7, Brian LeCroy; Div. 8, Ineke Van Diemen; Div. 9, Niki Forsgren.

### RETIREMENT ENDS 45-YEAR CPR CAREER

James W. Maloney of the east side of Skaha Lake area, completed his last trick as train despatcher at the Pentiction CPR depot last week and is now on accumulated holidays until Oct. 1 when he goes on the CPR's pension roll. A veteran of 45 years service with the CPR, Mr. Maloney joined the railway company at Revelstoke, June 26, 1912, and has worked in every division of the company's region (B.C.). He served as agent, operator and then train despatcher, arriving in Pentiction four years ago this month.

## Every Community Has Role in Civil Defence

"Each province and each municipality and community across Canada has a vital role to play in Canada's Civil Defence plans," declared E. C. Tennant, Civil Defence officer for Pentiction, in a statement issued today.

"Without this participation and mutual co-operation, life may some day come to a sudden end," the Civil Defence officer warned.

Mr. Tennant's statement, issued on the eve of National Civil Defence Day being observed throughout Canada tomorrow, continues:

"Optimistic as some may be, the possibility and prospect of a nuclear war can not be dismissed by any plain thinking person.

"Salvation for citizens of target cities will lie in a complete dispersal from the city into reception areas such as the Okanagan. Residents of these reception areas must stand by to assist in feeding, housing and clothing their fellow men evacuated from target cities. The evacuated citizens would arrive in the reception areas over a period of about six hours and would be housed on the basis of one for each member of the household in the reception area.

"Later on, the final balance of city dwellers would arrive in a shorter period of time. They would at first have to be housed on a five to one ratio in reception area households.

**FIRST GO FARTHEST**

"When and how many target city dwellers would arrive and be housed in any reception area will depend upon that area's distance from a target city. The aim of evacuation planning is that the farthest and later arrivals would be placed in communities closer to a target city.

"One of the prime purposes of Civil Defence is to plan for the care of evacuees and their accommodation. The methods and transportation required by a sudden exodus of large numbers of city population into town and rural areas is a matter of continuous discussion and planning by Civil Defence officials."

### BLUEBIRD NOTES

## CARS Welcomes Physiotherapist

By J. A.

Miss Mary Pack, executive secretary of the Canadian Arthritis and Rheumatism Society in B.C., was in this district recently, and interested listeners heard her

### PROMENADE

By D. G.

Well, folks, the square dancing season is with us again. French's Twirlers Square Dance Club, of Oliver, got the ball rolling last Saturday night with a party night in Hawaiian style, when appropriate costumes and leis made this dance even more colorful than usual. Eight squares of enthusiastic dancers from Pentiction, Summerland, Oroville, and Omak — and of course Oliver, spent a most enjoyable evening dancing to the emceeing of Bill French and to callers from all the places mentioned.

The evening was topped off by a wonderful repast — also in Hawaiian style — served by the host club. Pineapple and other fruits were there in abundance, and there was a beautiful centerpiece made from a large watermelon cut in the shape of a basket and filled with a riot of colorful fruits.

### FREE DANCE FEST

This Saturday, Sept. 20th, Safeway Stores of Omak, Wash., are sponsoring a free square dance in the Sawdust Makers Hall at Omak. This dance is in conjunction with their "Presidents Sale", which ends this week. Les Boyer, of Okanagan, Wash., will be in charge of this dance, and extends an invitation to all callers to bring their favorite records. Weather permitting, there will be dancing in Safeway's parking lot preceding the dance, so plan on being in Omak Saturday afternoon and evening. Free door prizes.

The following Saturday, September 27, Peachland Totem Twirlers are getting underway with a dance in the Athletic hall. More about this next week.

Pentiction Promenaders of Pentiction are meeting this week to formulate plans for the coming season of square dance lessons and parties. So look for next week's column in the Herald so that you can plan your winter square dancing activities. Square dancing is fun!

radio talk on the care of arthritis sufferers here.

This week, Miss Hazel Southard, CARS supervisor of physiotherapy in this province, is with us. Miss Southard is well known here, having been our physiotherapist from 1952-54, before being promoted to her present post. She is introducing our new physiotherapist, Miss Audrey Kelly, to doctors, patients, and key workers in the local branch.

Miss Kelly has considerable experience. She took her training at the Dublin school of physiotherapy in Eire, and has worked in her native country and in Britain. She has since worked for three years with CARS in this province, mostly in the Alberni Valley. We have full confidence that Miss Kelly will help the many patients here. The territory she will serve includes Summerland, KeremEOS, Naramata, and points south to the border.

Besides touring the district with Miss Kelly, Miss Southard will go north and convene a meeting of Valley physiotherapists in Vernon. This close co-ordination of all CARS workers is a valuable factor in the smooth functioning of the Society. Since all Branch physiotherapists work singlehanded with doctors and patients, it will be readily understood that the post held by Miss Southard so capably is necessary and helpful to them all. It involves much travelling, and a sympathetic understanding of the difficulties that are bound to arise. Since there are now 32 branches in B.C., and Miss Southard keeps a knowing finger on the pulse of each, her task of maintaining a healthy temperature in every district must mean a strenuous round.

### 300 See 'Drunkard' At Summerland

SUMMERLAND—Pioneer Players of Pentiction presented their play, "The Drunkard" to an appreciative audience of about 300 persons in the high school auditorium here last night.

The melodrama, sponsored by Summerland Rotary Club, L. A. Rumble, president, said proceeds are going to further improvement of Rotary Beach.

Peter Hawkins, young Pentiction player, was applauded many times. Staging by Maurice Joslin and direction by James Onley who also took a leading role, were considered good.

### Pentiction Heads Valley Cities in Payments to Jobless

VERNON — A total of \$24,550 was paid out in unemployment insurance benefits in the area served by the Vernon office of the U.I.C. during August.

This is less than Pentiction's \$29,808 paid out to jobless, but more than Kelowna's \$23,507.

Kamloops soared to the top for unemployment for the Interior with \$34,661 paid out last month.

The number of persons registered for jobs in the entire area has declined, according to George Lawson, acting manager of the Vancouver office.

## Interest Growing in Blood Clinic Contests

Interest is growing steadily in the two new contests being held for Pentiction's autumn Red Cross Blood Donor Clinic, Sept. 30, Oct. 1 and Oct. 2.

Pentiction Rotarians are now contacting the 84 firms and offices which were previously circled regarding the Merit Contest, and urging their participation.

Meanwhile about 75 entries are so far indicated in the Hudson's Bay Co. blood donor clinic poster contest for Pentiction junior and senior high school students.

Seven merit certificates will be awarded in the merit contest. One certificate will go to the firm or office with the largest percentage of attendance in each of the five groups — garages and machinery dealers; industrial firms and contractors; oil companies, agents and distributors, wholesale and retail; offices, stores, banks, hotels, RCMP detachment, newspapers, radio and general business; and civic, federal and provincial offices, schools and hospitals.

In addition there will be an

award to the office, firm or group with the largest overall percentage of attendance at the clinic and another award to the group with the largest numerical attendance.

Judges for the poster contest, which closes at 10 a.m., Sept. 27, are Mrs. V. B. Robinson, Ron Watson, Miss Betty Thomas, Mrs. Kay Koenen, Mrs. R. O. Bradshaw and Oscar Sikorsky.

The service club competition for the Royal Blood Donor Shield, sponsored by the Jaycees, and the Okanagan inter-city competition for the Okanagan Blood Bank Trophy, will again be held.

Pentiction's quota in the forthcoming clinic is again 1,400 pints as it was for the spring clinic in May when 1,340 pints were donated.

## CITY & DISTRICT

Thursday, September 18, 1958 THE PENTITION HERALD 3

### ROTARIANS TOLD

## World Ills Start At Local Level

Rotary clubs in 110 countries, and geographic regions throughout the world are united in an endeavour to promote international understanding, goodwill, and peace.

This was the message of Jesse Widby of Wenatchee, governor of District 506 of Rotary International, in his address to the Pentiction Rotary Club yesterday at a luncheon at the Prince Charles Hotel.

"World problems start at the local level," Mr. Widby said. "We must push aside provincial thinking; we must examine controversial issues."

He emphasized that Rotarians, as community leaders, have the responsibility of tackling these issues and attempting to solve them. He said Rotarians have inherited a great tradition and philosophy which must be preserved, extended and shared.

**ACT AS CATALYSTS**

"Find the needs of your community," Mr. Widby urged. "Act as catalysts agents in your community. If your community service is good, it can be expanded into international service."

He strongly expressed a belief that complacency, self-confidence, and under-estimation of the opposition to be faced in international problems must be banished.

In addition to the activities of more than 9,800 Rotary clubs

within their own communities to promote the objective of international understanding and concord, Mr. Widby noted, Rotary International has awarded grants of more than \$2,600,000 in the past 11 years through its program of student fellowships. This program enables outstanding college graduates to study for one year in countries other than their own, as Rotary ambassadors of goodwill.

### 1,076 FELLOWSHIPS

Since 1947, when this program was instituted, 1,076 Rotary Foundation Fellowships have been awarded to students in 65 countries for study in 43 other countries.

This Rotary district has awarded Foundation Fellowships to Harold P. Caporaso of Kelowna and to two students from the state of Washington.

"Special emphasis is also being placed by Rotary clubs in this district, which includes 26 clubs in Washington and British Columbia, on outstanding community-betterment and vocational service undertakings within their area," Mr. Widby said.

Citing the example of the Hippocrates' Oath by the medical profession, Mr. Widby explained that vocational service should be the "carrying back to the shop or office of the high ethical standards of Rotary."

### DISTRICT CONFERENCE

Local Rotarians were urged to attend the district conference to be held in Wenatchee, Wash., next April and to make plans for the club to be well represented at the 50th annual convention of Rotary International in New York City next June.

Mr. Widby added that in the following years conventions will be held in centres as widely separated as Miami, New Delhi, and Tokyo.

Bill Nicholson thanked the speaker on behalf of the Pentiction club.

## SODICA Head Wants 20-Cent Boost for Milk

VERNON—E. Stickland, president of Shuswap Okanagan Dairy Industries Co-operative Association, left Monday for Vancouver to attend a meeting of the Federation of Agriculture to press for an increase in the basic price of Class 1 milk in the Kamloops-Okanagan area of the B.C. Milk Board.

Mr. Stickland, who is a member of the advisory council of the B.C. Milk Board, believes farmers in this area should receive at least 20 cents a hundred more for Class 1 milk, retroactive to July 1.

The dry weather has resulted in reduced pastures, which in turn has reflected on the milk supply, borne out by the fact that 93.2 per cent of all qualifying milk was drunk as straight milk during August.

Mr. Stickland feels, too, that the increase should be paid to the farmers without any increase to the consumer.

## Britain Keeps Faith and The Commonwealth Benefits

Britain's dramatic announcement yesterday that import controls were to be relaxed considerably brought general rejoicing to the Commonwealth and particular joy to Canada.

Though the official announcement came from Sir David Eccles, Britain's trade chief, we feel the greatest credit must go to Prime Minister Harold Macmillan.

Mr. Macmillan took over the reins of the United Kingdom when the mother country's fortunes were at their lowest ebb. His government tottered on the brink of disaster for many months, and indeed stayed on that brink until just a short time ago. Travelling the world to practically every corner of the Commonwealth the industrious Mr. Macmillan set about bolstering his country's crumbling gold reserves and, if yesterday's statement is anything to go by, has succeeded in his task.

Our own Finance Minister Donald Fleming can also share a little of the credit for we feel that his bitter attack on Britain's "divisive" trade restrictions less than 24-hours before Sir David spoke had much to do with the speed with which the boost to our trade was announced.

So far as B.C. is concerned removal of trade barriers from imported salmon and newsprint brings the happiest

news. Both fields form a major part of this province's economy.

Removal of the salmon quota particularly will be highly welcome, for our fishing industry has long suffered from the lack of the United Kingdom market.

Equally important, though possibly lost in the general announcement, was the advice to the British colonies of Zanzibar, Uganda, Tanganyika and the West Indies to also remove curbs on what was termed "a wide range" of dollar goods.

Britain has claimed since 1952 that she was striving desperately to remove restrictions as she had even earlier pledged. The announcement yesterday proves the good faith of the United Kingdom.

But all is not so simple as at first appears.

Canadian labor has already priced itself out of many export fields. We hope that it will be wise enough to recognize the value of this latest injection into the life-line of our country and meet it, not with ever spiralling wage demands and prices, but with good sense.

Britain's announcements provide us with a wonderful opportunity to send Canada off into another boom period. We hope we do not miss that opportunity through greed.

### VICTORIA REPORT

## Museum Curators Meet in Victoria

By JAMES K. NESBITT

VICTORIA — We in the Legislative Buildings, in your capital here, have had the pleasure in recent days of seeing a group of people from many parts of the province gathered together for a Seminar on Museums.

This may sound complicated, but it really isn't, though running a museum is no easy task. These people represented small museums throughout British Columbia, and they came here to hear the experts tell them how museums should be operated, and to see some of our capital's splendid Museums of History, which no-one should fail to visit when in Victoria — Craigflower School, Helmcken House, the Maritime Museum of British Columbia at Esquimalt, and to

hear Dr. Douglas Leachman, formerly with the National Museum of Canada, and C. P. Lyons, whom many of you know as the smart young man who dashes about our province marking historic sites for the government; and the visitors were, of course, inspired by the enthusiasm and the knowledge and the willingness to help everyone of Provincial Archivist-Librarian Willard Ireland, who, if he doesn't stop working so hard for the public is liable to drive himself into an early grave.

The result of this Seminar is, of course, that the smaller museums throughout the province will be better run, so that they will attract more people and thus spread a greater knowledge of our fascinating history, and the stories of the men and women who fashioned British Columbia.

The Seminar, the second, was made possible by a grant from the Koerner Foundation, but the delegates paid part of their own expenses, and a keener group you never did see.

WELL-KNOWN NAMES  
You in parts of the province far from our capital will recognize the names of many of the people who attended:

Mrs. C. Mitchell-Davely of Lyn Valley Museum; C. R. Walrod of Okanagan Museum and Archives Association, Kelowna; Miss Elsie

Jack of the University Women's Club of Mission City; Mrs. Gladys Clanson of the Vancouver Aquarium; Miss Melba H. Menzies of the B.C. Native Daughters' "Old Hastings Mill Store Museum"; Vancouver; Mrs. John Erb of the Kootenay Museum Association of the Nelson Art Club; Al Milliken, unofficial archivist of Fraser Canyon Creek, Yale.

Mrs. R. S. Ramsay of the Chilivack Historical Society; Mrs. V. Umphrey of the Port Langley Museum; Mrs. Priscilla Bethel of the Saanich Pioneers' Society; Raymond O. Harrison of the Art, Historical and Scientific Association of Vancouver; Mrs. A. Parsons of the Princeton Pioneer Museum at Keremeos; J. McDonald of the Rossland Historical Museum Association; Miss Naomi Randall of the Quenel branch of the Cariboo Historical Association; Mr. and Mrs. F. A. Child of the Kamloops Museum Association; Frank Morrison of Saltspring Island Centennial Museum Association; William Church of old Craigflower School Museum; R. O. Byron Johnson of City of Vernon Museum and Archives; Lieut. Edward A. MacFayden, curator of Maritime Museum of British Columbia at Esquimalt; Mrs. Maccaud-Nelson of the Maccaud Manor Museum at White Rock; Capt. J. S. McGivern, S. J. of Camp Chilliwack.

Yes, a wonderful group of people, fresh and enthusiastic, and as full of ideas and drive as this great province — a group of people interested in the past, but living fully in the present, and looking to the future, and doing great work for British Columbia, for no country can reach its full stature unless it is cognizant of what went on before.

## Bach Choir Thrills Edinburgh Crowd

By M. McINTYRE HOOD

Speech, London (England)  
Correspondent for The Herald

EDINBURGH, Scotland — The Bach Choir of Montreal enhanced its already high reputation in a choral recital which it presented in the Freemasons' Hall here as one of the fringe events of the annual Festival of Music and Drama. In a program of motets, psalms and chansons of the Franco-Flemish Renaissance, Bach's "Jesu Meine Freude" and a group of songs by modern Canadian composers it gave a performance of beautifully sustained choral singing and won the acclaim of the critics.

The Scotsman of Edinburgh gave the following appraisal of the choir's recital:  
"The standards of choral singing in this country do not go unchallenged these days. The Montreal Bach Choir gave a choral recital as good as we are likely to hear anywhere, and although it was their only appearance, their contribution to the Festival was not unimportant."

This choir of 30 voices was founded by its present conductor George Little, in 1951, and in the space of a few years he has fashioned it into an exceptionally flexible instrument. The singers are obviously hand-picked, not only for their ability to sing, but for their special qualities as contributors to the ensemble.

EXCELLENT TONE  
As far as I could see, there were no grey hairs among them, and the few bald patches were obviously penalties of intelligence rather than middle age. Consequently, there were no restricted throats.

The tone is based on a firm foundation. The sopranos have an admirably steady, clear tone. The altos are rich without being over-tense. The tenors must be the envy of all but the most fortunate choirmasters. Those tenors can climb to extreme heights in a beautiful pianissimo and still

maintain purity of diction. All the renaissance music was wonderfully sung — the texture was transparent, the interweaving vocal lines were beautifully sustained and the French admirably clear. In these pieces they ranged from a sensual, sensuous, and a robust, but never harsh, forte... There was never any doubt as to the vitality of this quite dramatic performance.

The music critics of the London Daily Telegraph, writing from Edinburgh, made this comment: "These 30 Canadians form a well-blended, passenger-less ensemble that has been thoroughly and intelligently trained by the director, George Little. Their pronunciation, tonal quality is lightness and lucidity, their style more notable for buoyancy than power... A batch of modern Canadian works included a brief Mass for equal voices by Gabriel Charpentier that in its airy texture and springing rhythms wedded medieval to modern without pastiche or pretentiousness."

TOO EARLY  
"Both Smith and Jones proposed to Miss Brown. I wonder which was the lucky one?"  
"It's too early to say yet, but she accepted Smith."

BIBLICAL  
Margaret was the small daughter of a Christian missionary. One day she bumped into her brother as she ran into the hall. On relating the incident to her mother, she said:  
"Mum, I've had a colossus with my brother."

HER AMBITION  
"Although my sister is a bit of a flirt, I know she'll eventually settle down all right."  
"Yes, she told me herself that her ambition is to go out with every Tom, Dick and Harry."

### DIVERSION

### OTTAWA REPORT

## Act Keeps Radio For Canadians

By PATRICK NICHOLSON  
Special Correspondent to the Herald

OTTAWA — When the new Broadcasting Act was being considered in Parliament, there was a lot of serious discussion about the class of persons who would be permitted to obtain a licence to operate broadcasting stations.

The Act, as finally passed by Parliament, provides that a licence shall only be issued to a Canadian citizen, or to a Canadian company of which two-thirds of the directors and three-quarters of the voting shareholders are Canadians.

In other words, foreigners cannot obtain a licence to operate a broadcasting station in Canada.

The reason is tied up closely with our just and increasing awareness of our growth and development as a sovereign country. We are self-governing and, so far as uncontrollable outside influences permit, we intend to live our own type of life in a manner of our own choosing within our borders.

Radio and television are both means of mass communication which are capable of exerting a considerable influence on people's minds, and hence capable of moulding mass opinion. So we do not intend that foreigners should have in their power the means of influencing Canadians' thoughts in a manner which might not be in the best interests of Canada.

We feel so strongly about this that schools, influencing our children's minds during the formative years, are closely controlled by our governments. We do not permit foreigners to come to Canada and set up schools where they could indoctrinate our children with ideas which are objectionable to Canadians and antipathetic to Canada. Every teaching syllabus is regulated to prevent that.

Likewise, we now could not have foreigners moulding our minds in an objectionable manner through the radio and TV.

I am sure that readers will join me in applauding the parliamentarians of all parties for their action in adopting that legislation. But there remains another means of moulding public opinion which is not subjected to similar safeguards. This is the first and most widespread means of mass communication: the printed word.

Newspapers and magazines reach as many people as broadcasting stations do. They have as powerful an influence upon our opinions as radio and TV stations.

FOREIGN POWER IN CANADA  
Yet there is no legislation to prevent foreigners operating newspapers and magazines in Canada. There is not even legislation to control the damage which they might wreak on mass opinion in Canada.

It is desirable that only Canadians should broadcast to Canadian homes, surely it is just as desirable that only Canadians should publish to Canadian homes.

It might be argued that foreigners are now publishing their ideas through newspapers or magazines which enter Canadian homes, and that they are doing no harm. I will not comment on this, but there are many who believe that ideas hostile to Canada and Canadian systems are being insidiously propagandized into Canadian minds through the printed word published in Canada.

Our government, now so busy implementing The Vision of the greater Canada of tomorrow, has no doubt overlooked this. It is a very deep and very complex subject, which few of us have thought about but which vitally concerns every one of us.

## U.K. Ship Surveys Phone Cable Route

By GERALD FREEMAN  
Canadian Press Staff Writer

MONTREAL (CP) — The 1,479-ton British post office cable ship Iris is rolling in Atlantic swells surveying a route for a new submarine telephone cable between Canada and the United Kingdom.

The telephone cable, third to cross under the Atlantic, is to be completed in 1961. The ocean section will run from Oban, Scotland, to White Bay on the northeast coast of Newfoundland.

An extension will run across Newfoundland to Corner Brook, out under the Gulf of St. Lawrence and up the St. Lawrence River to a terminal near Matane, Que.

U.S.-EUROPE CABLE  
Meanwhile work is proceeding on a second cable, a United States - European project scheduled to be in service in the fall of 1959.

The first voice circuits under the Atlantic were completed in 1956, almost a century after the first transatlantic telegraph cable was laid in 1858. The first telegraph cable snapped and was replaced when the second was laid in 1866. About 20 telegraph cables are now in service.

The third telephone cable has been dubbed CANTAT, for Canadian and transatlantic, and will be the first laid primarily to provide voice circuits between Canada and the British Isles.

The Canadian Overseas Telecommunications Corporation and Cable and Wireless Limited of Britain are 50-50 partners in the \$25,000,000 project. The companies agreed in 1957 at the request of the United Kingdom and Canadian governments jointly to finance, provide and maintain the cable.

The British post office is doing the cable-laying job for Cable and Wireless but will turn the completed cable over to the private company.

COTC, a Canadian crown corporation under the transport department, was nine-per-cent partner in the first telephone cable, laid between Clarenville, Newfld., and Oban, Scotland.

OTHER SHARES  
The American Telephone and Telegraph Company of the United States has a 50-per-cent share in that cable, and the British Post Office the other 41 per cent.

The second telephone cable — the first direct from North America to continental Europe — is to be laid between Clarenville and Penmarch on the south coast of Brittany without Canadian or British participation.

It is being laid jointly by American Telephone and Telegraph Company and communications agencies of the French and German governments at a cost of \$50,000,000.

Shore installations have already been completed for it at Clarenville, and the 2,400-mile ocean section is to be laid next summer.

It will provide 36 voice circuits between the United States and Europe when it goes into service next year. France and Germany are to receive 13 circuits, and other European countries will share the other 10.

It is to be laid in two strands, one east-west and the other west-east. Its flexible repeaters are

designed to carry voice communications in only one direction.

COST \$40,000,000  
The 1956 cable, which in places lies 2,400 feet deep, cost about \$40,000,000 and also provides 36 circuits. However six of these, Montreal's allotment, have had their bandwidths split and the number of high-quality conversations they can carry has been doubled. Montreal also receives half a circuit for telegraph, and the rest go to the United States.

The Canadian circuits are also used to carry CBC programming and international telex — direct customer-to-customer teletype service.

A land-and-sea extension carries the signal from Clarenville to Terrenceville, Nfld., and under Cabot Strait to North Sydney, N.S. From there it is transmitted by radio to Saint John, N.B., and Portland, Me., where it enters telephone networks.

The Iris this summer must find a route for the third cable where there is no danger of interference with existing cables.

CANTAT is to benefit from improved engineering. Two-way repeaters have been developed and the cable is to consist of a single strand laid at half the cost of the two earlier double cables.

It is to provide 60 voice circuits, each interchangeable with 48 telegraph circuits.

### Whipper Watson

## Wins on Early Tag

The Whip claims that "in this annual match with winter, I'm ahead of the game right from the start cause I got an early Green Tag." Whipper is referring to the Green "Prestone" Anti-Freeze Tag that's attached to his radiator. It's proof that he has "Prestone" brand Anti-Freeze in his car's cooling system. And that's a protection against frost, corrosion, rust, clogging and foaming.

"What's more," says Whipper "with 'Prestone' Anti-Freeze I also have magnetic film going for me—the extra protection of a coating all through the cooling system. This magnetic coating effectively seals off rust—actually prevents it from forming." Follow Whipper's lead... get an early Green Tag this winter.

## A Reprimand for McMorran

The strange case of the two Yugoslavian immigrants who were jailed for 76 days before they appeared in police court took an even stranger twist last Monday when Vancouver City Prosecutor Stewart McMorran said dismissal of the charges did not "necessarily" mean the men were innocent.

Mr. McMorran's explanation of the delay in bringing the men to trial has already been read, and to say the least it was rather pitiful. He claimed difficulty in getting interpreters for the men and stated further that the defendants' lawyer was not always available — for 76 days.

Possibly our understanding of the law is not as clear as Mr. McMorran's understanding, but we had always understood that an accused person is re-

garded as completely innocent until proven guilty. If the two Yugoslavians were innocent before the verdict was handed down, then they must be doubly so after the court declared the crown had no case against them.

Commenting on Mr. McMorran's strange statement, Attorney General Robert Bonner said: "They certainly weren't guilty."

When the case finally did come to court it was dismissed within minutes by the presiding magistrate.

Mr. Bonner is calling for a full investigation of the case. We hope that includes reprimands to Mr. McMorran for his feeble excuse for such a flagrant contempt of common justice, and for his unjustifiable remarks on the innocence of the two men concerned.

## CCF's Hazardous Courtship

One of the most interesting political developments in Canada at the present time is the courtship of the Canadian Labor Congress and the Co-operative Commonwealth Federation. Membership of the labor unions being what it is, one wonders how a marriage of convenience as now proposed could ever be arranged to the satisfaction of the numerous step-children; and also who, in the slang expression applied to domestic relationships, would wear the pants in the family.

The labor unions of this country are made up of men and women not of one political persuasion but of all. There are among them Conservatives, Liberals, Social Crediters, CCFers, doctrinaire socialists and even — sad to relate — a few Communists. Because no one is under any obligation to disclose his political beliefs and affiliations if he chooses not to, there is no way of estimating with any degree of accuracy the respective strengths of the various existing parties within the ranks of organized labor.

It could very well be, though, that those opposed to CCF policy outnumber those supporting it or willing to do so. If this strange alliance should be brought off, therefore, how would the anti-CCF trade unionists feel about being dragged into it against their principles? How would loyal Conservatives, Liberals and others feel about paying a portion of their union or guild dues into the coffers of a new political party under the label of "Labor"? How could they conscientiously support with their voices and votes the principles of the

party of personal political choice while supplying the funds for another?

The eagerness of the CCF for matrimony can be understood. For all its courage and perseverance the party has been unable to get anywhere, and its representation in Parliament has dwindled to insignificance. In the hope of changing its fortunes the CCF apparently is now willing to sink its identity and throw in its lot with the giant of organized labor. That, one may safely predict, would be the end of a brave group born of hardship and the distress of the depression years; and of the hopes and aspirations of the many fine men and women who have remained loyal to it in the good times which are the bad times for the CCF.

The alliance could be equally disastrous for the CLC. Notwithstanding the resolution of the national convention in favor of an adventure into politics as a united party it is extremely doubtful that unity in this connection exists among the rank and file. Because of closed and union shop agreements men and women are virtually compelled to belong to unions, though in many instances that may not do violence to conscience so long as their activities are confined to matters relating to working conditions. Compulsory membership in a political party is a vastly different thing, and any attempt to enforce it might very well split the CLC, just as homes have been broken up by parental domination in matters relating to personal beliefs.

—The Victoria Colonist.

## ROTARY ANNES ENTERTAIN VISITOR

Gracious hospitality set the keynote at the luncheon held yesterday by the Rotary Annes to welcome Mrs. Jesse Widby of Wenatchee, a visitor in Penticton with her husband, who is district governor for Rotary International. Sharing head table honors with the visitor from the States were, left to right, Mrs. John Coe,

whose husband is a past district governor; Mrs. Widby, Mrs. T. W. Bryant, wife of the Penticton club president; Mrs. Henry Laub, and Mrs. W. A. Wickett, whose husbands are with the executive of the local Rotary Club.

## ROTARY ANNES

### Luncheon and Fashion Preview Entertain Guest From the States

The Penticton Rotary Annes entertained at an informal luncheon yesterday in the attractive setting of the Tibetan Room at Shangri-La honoring Mrs. Jesse Widby of Wenatchee, a guest in this city with Mr. Widby, district governor for Rotary International, who is on an official tour of Rotary clubs in B.C. and Washington.

Mrs. T. W. Bryant, whose husband is president of the Penticton Rotarians, was official hostess at the smorgasbord luncheon served from tables arranged with autumn blooms of the Okanagan. Those sharing head table honors with Mrs. Widby and Mrs. Bryant were Mrs. John Coe, wife of the immediate past district governor; Mrs. G. J. Rowland, wife of the Penticton club's 1957 president, and Mrs. W. A. Wickett.

Mrs. Widby addressed the meeting briefly with Mrs. Coe responding to the speaker on behalf of the Penticton Rotary Annes.

Music was by Mrs. Mort McNally when an hour's program entertained the fifty luncheon guests with a short preview of fall fashions sponsored by Le An-

ders Dress Shop.

The 1958 autumn collection, featuring a display of original models, imports and lovely furs was paraded by Mrs. W. J. Rose, Mrs. Roy W. Melkjohn, Mrs. Ralph Flitton, Mrs. John Atkins and Mrs. L. E. Coates.

Fashion commentary was by Mrs. J. Vincent Carberry and Mrs. Rowland was in charge of models. Costume arrangements were by Mrs. Jim Cumming.

### Farewell Party for Mrs. Alan Brooks

A farewell party at the home of Mrs. Roy Parry, King Street, honored Mrs. Alan Brooks, who is leaving Penticton to take up residence at Wells. The pleasant social evening was highlighted with a gift presentation for Mrs. Brooks prior to the serving of refreshments by the hostess assisted by a number of guests.

Among those attending the party were Mrs. Betty Johnson, Mrs. Glenn Geiss, Mrs. Margaret La Croix, Mrs. E. Brown, Mrs. Roy Hay, Mrs. Douglas Barnes, Mrs. John Wilson, Mrs. Ted Westfall, Mrs. Jack Ruff, Mrs. D. Kay, Mrs. George Dugate, Mrs. J. H. Martin and Miss Nan Kinakin.

### HOUSEHOLD HINT

A pretty milk punch to entice small fry can be made by dissolving six to ten pastel mints in a quarter of a cup of boiling water, then cool and add three cups of chilled milk.

### Miss Thelma Logan Honored at Shower

An autumn bride-to-be, Miss Thelma Logan, was the honored guest when Mrs. Fern Larivee and Mrs. H. M. Logan entertained Tuesday evening at a miscellaneous shower held at the home of the latter on Government Street.

The honoree, daughter of Mr. and Mrs. W. Roy Logan of Vancouver, is the bride-elect of E. Denis Atkinson, son of Mr. and Mrs. Arnold P. Atkinson of this city. They will be married Saturday evening at a ceremony in the Penticton United Church.

### Busy Season Ahead For Junior Choir

St. Saviour's Anglican Church Junior Choir resumed activities last week and are now preparing for a busy season. Practices are being held Saturday mornings in the parish hall, 10 a.m. for girls and 10:45 a.m. for the boys. With choir membership being set at 36, only a few more boys are required to bring it up to full strength.

Boys, aged eight to 13, inclusive, are invited to join the choir and it has been emphasized that the training will be provided and nothing more than the ability to carry a tune is necessary. Any one interested in becoming a part of the church choir is requested to phone Dave Stocks at 4263 for further information.

## In and Around Town

### PENTICTON

Two well known Penticton residents, Mr. and Mrs. John Scott, are leaving the Okanagan to take up residence in Victoria. The couple, both former members of the Penticton High School teaching staff, have resided here for many years. Mrs. Scott, who retired last year, was home economics teacher from 1932, and Mr. Scott (who was with the industrial arts department, retired several years ago. Their only son David is a student at UBC.

Mr. and Mrs. T. V. Schofield have returned to their home at Doncaster, England, after visiting in Penticton for the past six weeks with the latter's brother and sister-in-law, Mr. and Mrs. A. F. Cumming, Johnson Road. Dr. and Mrs. Alan MacDonald and small daughter Alix who have also been visiting with Mr. and Mrs. Cumming, parents of Mrs. MacDonald, left last week for Montreal where they will take up residence.

L. A. Grove accompanied by his daughter, Miss Wendy Grove, and Miss Maureen Pritchard, motored to Vancouver during the weekend where the latter two have enrolled as first-year students at UBC.

Mr. and Mrs. Joe Hovan of Milk River, Alberta, and Mr. and Mrs. John Hovan of Sonoma, California, have returned to their respective homes after making a brief holiday visit in Penticton with members of the Bella family. While visiting here, they were the guests at the Skaha Lake home of their nephew, Alan Bella, at Braeslyde.

Mrs. Marty Hill has returned home from a short business visit in Vancouver.

Mr. and Mrs. David Clue and small son Charles left today for Vernon where they will take up residence. They visited briefly in Naramata with Mrs. Clue's father, C. S. Burch, and Mrs. Burch prior to going to their new home.

Members of the Penticton Ladies' Golf Club are entertaining at tea this afternoon in the

lounge at the Golf and Country Club following play by Mrs. S. E. Guile and Mrs. George Arsens for the Fraser Cup, the club championship trophy. Other flights for various trophies are also being played off today as the official golf season draws to a close.

Mrs. E. M. Gibbs is holidaying in Nanaimo this week.

**SUMMERLAND**  
Mr. and Mrs. G. J. Young of Vancouver are visiting relatives in Summerland.

While A. C. Fleming is attending the General Council of the United Church of Canada in Ottawa as a commissioner from the Okanagan Presbytery, Mrs. Fleming, who accompanied him to Toronto, has gone on to New York to visit their daughter, Miss Nancy Fleming.

Mrs. Scott of Toronto is visiting at the home of Mr. and Mrs. William Falding.

**PEACHLAND**  
Mrs. Ethel Young has returned from a short holiday trip to Grant's Pass, Oregon, where she visited her daughter-in-law, Mrs. Bobbie Dahlgren.

Miss Donna Clements arrived from Vancouver Friday morning to see her new nephew, Dale Edwin, and is staying with her brother-in-law and sister, Mr. and Mrs. George Simey, for a few days.

Noel Wilson and Peter St. John were weekend visitors from Vancouver.

Home for the weekend from their work at Beaverdell, were Don Cousins, Jim Rice and Allen McKinnon.

Mr. and Mrs. V. C. Timberley of Vancouver have been stopping at the Totem Inn while touring the Valley and visiting their son-in-law and daughter, Mr. and Mrs. Harold Doml.

**KEREMEOS**  
An appreciative audience, in which students and children predominated, thoroughly enjoyed the Holiday Theatre presentation, "The Gold Nugget" here. Excellently produced the intriguing story of 1858, the year British Columbia began, proved thrilling to the attentive audience. The production was sponsored by the South Similkameen Parent-Teacher Association.

Olaf E. Nebout, son of Mr. and Mrs. John E. Nebout, left Monday for Vancouver, where he will attend the University of British Columbia.

### COOKBOOK RECIPES

**APPLE PIE SUPREME**  
Pare 5 medium Winesap apples (no substitutes) and cut into cubes a little less than 1/2 inch in size. There should be 2 1/2 or 3 cups of apples.

Combine 1 cup sugar, 1/2 cup orange juice, 1/4 cup lemon juice in a sauce pan and boil for 5 minutes (vigorously). Drop the apples into the syrup and cook for 5 minutes. Remove from heat and cool (heat when cooked the day before so apples can plump).

Put into a pastry lined 9" pie pan. Dot with 1/2 pound of butter. Sprinkle with 1/4 cup sugar combined with 1/2 teaspoon nutmeg and 1/4 teaspoon cinnamon. Cover with solid or latticed pastry and bake 15 minutes at 425 degrees, turn heat to 325 deg. and bake 45 minutes. Cool on rack.

Mrs. B. J. Davis,  
835 Kilwinning.

### WOOL KNIT STROLLER

Wool knit in beige or hatter tones takes smartly to walking-suit specifications and should do well on the campus and in the suburbs. The long jacket has a flap-trimmed yoke, vertical all pockets and single-breasted closing. The skirt is slim. The suit shown with sweater toned to match.

Mr. and Mrs. Ralph Horner are holidaying at the coast for the past week.

Delightfully different!  
If you bake at home these delicately flavoured, egg finger rolls will add sparkle to your entertaining.

Made with Fleischmann's Active Dry Yeast they are a success every time. Serve them often!

**EGG FINGER ROLLS**

1. Measure into a bowl 1/2 cup lukewarm water. Stir in 2 teaspoons granulated sugar. Sprinkle with contents of 2 envelopes Fleischmann's Active Dry Yeast. Let stand 10 mins. THEN stir well. Stir in 1 teaspoon salt, 1 cup once-sifted all-purpose flour and beat until smooth and elastic. Cover. Let rise in warm place, free from draft, until spongy—about 1 1/2 hr.
2. Cream in a large bowl 1/2 cup butter or margarine. Blend in 1/2 cup granulated sugar. Add, one at a time, beating well after each addition 8 egg yolks. Stir in yeast mixture and 2 1/2 cups (about) once-sifted all-purpose flour.
3. Turn out on floured board; knead until elastic. Place in greased bowl. Grease top. Cover. Let rise in warm place, free from draft, until doubled in bulk—about 1 hr.
4. Punch down dough. Turn out on floured board; knead until smooth. Divide into 3 equal portions; shape each into a 12" roll. Cut each roll into 12 equal pieces and form into fingers about 4" long. Arrange, well apart, on greased cookie sheets. Grease tops. Cover. Let rise until doubled in bulk—about 3/4 hr. Brush tops with 1 slightly-beaten egg white combined with 2 tbsps. water. Bake in moderately hot oven 375°, 10 to 12 mins. Yield—3 doz.

**FLEISCHMANN'S ACTIVE DRY YEAST**

Every woman looks lovelier  
in a **Gothic** bra

Loveller shaping... lovelier contours... means a lovelier you. Gothic's clever design lifts and molds you gently, youthfully, into fashion's favourite contours. And does it so prettily, too... in crisp broadcloth, light and airy Dacron, gleaming satin or cool, cool Tarslan. Look lovelier tomorrow in a Gothic bra, made by Dominion and sold everywhere.

Gothic bra in delicately embroidered white broadcloth, finely edged with dainty lace. Sizes 30 to 44, AA to D cup. \$2.00. (Other styles from \$1.75).

PETER TOMLIN'S

## SPORTS DIARY

**WE DON'T KNOW WHY, BUT** yesterday we received a wire from E. C. MacPherson of the Grey Cup parade committee in Vancouver.

The wire said, "If any company could use a team of live oxen as part of their Grey Cup parade float, the beasts of burden are available for the asking. Otherwise they'll be slaughtered."

The animals were raised by Arthur Swenson, president of the B.C. Federation of Agriculture on Lulu Island. They were to have appeared in the PNE parade last month, but developed sore feet.

Now they are fit for parade — or else.

Mr. MacPherson said the beasts would certainly attract attention in the parade, which will be televised nationally on November 29. He thought it might be just possible that some out-of-town firm might be interested.

So, if you are entering a float in the Grey Cup parade and would like to use a couple of oxen, just contact the parade committee.

Just another of our community services.

**A LETTER OF THANKS** was received from the Penticon Recreation Commission this morning.

It says, "Please accept our grateful thanks for the excellent publicity you gave us on the recent Old Timers' baseball game."

We feel that, if anyone should be thanked, it should be the Recreation Commission, sponsors of the game, and the players who took part.

The small part we played in the game was a pleasure. To all the players who took part, the umpires, and everyone who helped make the game a success, we thank you.

**THE GREY CUP SITE** battle is still raging today. Montreal got into the act yesterday by suggesting that the game be held at McGill University Stadium.

If the game were shifted east from Vancouver, Montreal would have a strong argument.

Although their stadium seats less than Varsity Stadium in Toronto, there are more of the high priced seats. As a result, there would be more revenue.

Syd Halter, Canadian football commissioner, is meeting with Empire Stadium officials in Vancouver today in an effort to come to some agreement on the use of the coast site for the game.

The PNE directors, operators of Empire Stadium, are reportedly seeking a rental of \$40,000 for the use of the field.

Varsity Stadium can be obtained for a rental of \$20,000. Ted Workman, Montreal Alouettes president, said that unofficial talks with McGill University "people" show that the stadium there can be rented for less than \$20,000.

**YANKEES' MICKIE MANTLE** became the second man in baseball history to hit a fair ball out of Detroit's Briggs Stadium yesterday.

Mantle teed off on one of Jim Bunning's pitches and drove it over the 110-foot-high stands in right field.

The stands are 325 feet from home plate. The drive, Mantle's 41st of the year, carried out of the park, across Trumbull Avenue, and hit on the second story of a cab company building.

Ted Williams of the Boston Red Sox was the only other player to turn the trick.

Williams blasted one over almost the identical spot in 1939. Over in the National League, Ernie Banks of the Chicago Cubs slammed his 47th homer of the year.

## Tail-End Tigers Having A Spree

By ED WILKS  
Associated Press Sports Writer

Detroit is third in American League standings, but they're still the tail-end Tigers, waiting until the pennant is gone before making a season-end sprint for a share of the world series loot.

It's an old habit with the Tigers. In 1956, the Tigers really roared through the last weeks and finished fifth. The Tigers finished fourth in 1957, but they had to win on the final day to do it and actually won four fewer games than the season before.

They built a two-game hold on Wednesday, beating the Yankees 5-2. Again the Tigers are the only club to beat the champions for the season, with a 12-10 edge, just as in 1956.

Boston stayed tied for fourth with the Cleveland Indians by splitting a doubleheader at Kansas City. The As won the opener 6-3, then lost 4-2. Rain postponed the only other American League game scheduled—Baltimore at Chicago.

**WHIP TURLEY** The Tigers got the clincher the hard way. They beat 21-game winner Bob Turley with the help of light-avenging Reno Beroin, whose fifth and sixth homers counted their first three runs.

Jim Bunning (13-10) gave up a third-inning, two-run homer by Mickey Mantle which was only the second to escape Briggs Stadium on the fly. Ted Williams did it in 1939.

Harry Chitt's grand slam won the opener for the As and Ray Herbert (8-7) against Ike Delock (12-8), who has lost five straight.

Rookie Bill Monbouquette (3-4) won the nightcap as the Red Sox ended an eight-game slump on homers by Bill Renna, Don Buddin and Frank Malzone off Ned Garver (12-11).

**HONORS SPLIT IN BOWLING ACTION**

Honors were evenly divided in both men's and women's sections as the Commercial Five-Pin Bowling League opened its winter season at Bowl-a-Mor Recreations last night.

In the women's division Alice Hunter and Helen Berger took individual honors. Alice had high single with 272 and Helen took high three with 678.

Prompto Pups rolled team high single with 1086 and Valley Hotel took high three with a 2756 total.

F. Raskowsky had men's high single with an even 300, while Andy Arnold had a 766 for high triple.

Penticon Retreading swept team honors with a 1253 single and a 3430 triple.

counted their first three runs.

Jim Bunning (13-10) gave up a third-inning, two-run homer by Mickey Mantle which was only the second to escape Briggs Stadium on the fly. Ted Williams did it in 1939.

Harry Chitt's grand slam won the opener for the As and Ray Herbert (8-7) against Ike Delock (12-8), who has lost five straight.

Rookie Bill Monbouquette (3-4) won the nightcap as the Red Sox ended an eight-game slump on homers by Bill Renna, Don Buddin and Frank Malzone off Ned Garver (12-11).

**YANKS ARE RESTING**

**Stengel Denies Story of Fight**

By DAVE DILES  
DETROIT (AP)—Casey Stengel says his New York Yankees are just normal, healthy, red-blooded, playful American boys.

They do not fight among themselves, he says, and there have been no fights between players and coaches. The whole squad, says Stengel, is saving its strength for Milwaukee Braves and the world series.

The New York Post said Wednesday that coach Ralph Houk and relief ace Ryno Duren "engaged in a bloody battle" during the Yankees' victory party Sunday night.

Houk denied it, too, and Duren was in Wisconsin attending his grandfather's funeral.

Other Yankee players said it was just horseplay and some writers covering the club said there was no exchange of punches.

**FOUGHT ON TRAIN**

The Post said the fight took place on a train carrying the club from Kansas City, where the Yankees clinched another pennant Sunday, to Detroit. "By agreement the sports writers travelling with the team kept it secret," said The Post. "Today it leaked out."

Everyone seems to agree on one point—that Duren apparently had been drinking and that there was at least a slight disorder involving the pitcher and the coach.

Houk was in his seat, chewing on an unlighted cigar. Duren pushed it into Houk's face.

The Post said "the fight was not the first between Duren and the tournament."

## BIG FOUR FOOTBALL LEAVES U.S. COLD

There's no brotherly love here in Philadelphia as Ottawa's Dave Thelen, 88, is creamed by Hamilton's Eddie Macon after taking a pass from quarterback Tom Dimitroff for a 20-yard gain to set up the first Ottawa touchdown. The first Big Four league game ever to be played in the U.S. drew a poor crowd of 15,000 to the 100,000-seat Municipal stadium. Spectators caught on to the Canadian rules but seemed disappointed that the emphasis was on defence instead of the wide-open style they had expected. Tiger-Cats came from behind twice to edge Rough Riders, 24-18, and boost their unbeaten record to five straight.

## AMERICA'S CUP CLASSIC

## Rival Helmsmen Are Tough Old Sea Dogs

By WILL GRIMSLEY

NEWPORT, R.I. (AP) — The rival helmsmen in the America's Cup series starting Saturday are two tough tigers of the sea who have sailed—and conquered—all over the world.

Britain's Sceptre, seeking to capture the bottomless mug won by an American schooner 107 years ago, will be guided by the bright young man of the Royal Navy, 34-year-old Lt.-Cmdr. Graham Mann.

His individual adversary is Briggs Cunningham, 51, internationally known star of automobile and yacht-racing, who will be at the wheel of the defender Columbia.

If, as contended, the bright new competing yachts are so perfectly matched because of rigid specifications that the races will be decided more on seamanship than boat design, then these two masters hold the key to the result.

**CAREER OFFICER**

Mann is a handsome, dashing bachelor who came up as a career line officer. He is a thick-chested man with a shock of blond hair and a quick, confident grin.

A sailor since childhood, he is a yachting companion of the Duke of Edinburgh. He served as sailing master of the Queen's Dragon Club Blue Bottle. He won a bronze medal in the 1956 Olympics at Melbourne in the 5.5-metre class.

He has raced internationally in six metres. This is his first venture in the 12-metre class, but he has pleased the British with his handling of the aggressive, young crew and the Scotch-designed Sceptre.

Cunningham is no stranger to the 70-foot heavyweights of the 12-metre design. In 1939-40 he skippered his father-in-law's Nyala to occasional victories over Vim, then owned by Harold Vanderbilt and queen of the 12-metres.

The former Yale man from Southport, Conn., in recent years has been more closely associated with racing cars which he both designed and drove. But he has won numerous honors in the six- and eight-metre yachting classes.

**Billy Hryciuk Named to Coach Kamloops Club**

KAMLOOPS — (CP) — Veteran right-winger Billy Hryciuk has been named coach of Kamloops Chiefs of the Okanagan Senior Hockey League.

Owner-manager Kenny MacKenzie said Wednesday he had been watching the 31-year-old lineman for some time as a replacement for Bob Davies, coach for the past two years.

Hryciuk started hockey in Saskatchewan, saw some action with the Notre Dame college at Wilcox, Sask., played with Calgary Stampede of the Western Hockey League and the rest of the time in the Kootenays and the OSHL.

For the last three years he has been a member of Chiefs "pony line" with centre Buddy Evans and Johnny Millard, consistently one of the top scoring lines in the league.

**Favorites Fall in Softball Tourney**

MINNEAPOLIS (AP) — Champions, reputations and batting averages fell in the world softball tournament Wednesday.

The Clearwater, Fla., Bombers, the Yankees of softball, were eliminated when Minneapolis Soo Line dealt them their second loss of the tournament, 1-0. Also knocked out was Aurora, Ill., labelled in the pre tournament guessing as the team most likely to dethrone Clearwater, Aurora lost to Montreal 1-0.

Eight teams are left from a starting field of 21 and only two, Seattle and Stratford, Conn., with 3-0 records, are unbeaten. The others are U.S. Air Force (2-1), Houston (2-1), Lake Charles, La. (3-1), Long Island City, N.Y. (3-1), Montreal (3-1) and Vancouver (2-1).

Stratford meets Seattle tonight in the final game of the day's live-game schedule. The winner automatically becomes the title favorite because it will carry a 4-0 record into the last day of the tournament.

winning with Jim Brosnan's relief in the ninth.

Joeey Jay, who relieved Spahn after six innings, was injured when he slipped down an Irv Noren drive. The young right-hander suffered a chipped bone on the ring finger of his left hand, but should be all right in a few days.

Rookie Bob Anderson (3-1) beat the Phils with a five-hitter, and held batting leader Richie Ashburn hitless, dropping his average to .342 for a .004 edge over the Cards' injury-idle Stan Musial.

Roy Semproch (13-11), once a rookie of the year candidate, lost it, giving up a two-run homer to Ernie Banks, his 47th.

**GREEN STARS**

Gene Green drove in two runs with a homer and a triple for the Cards who came off with a 3-3 record against Spahn for the season. Spahn is now 20-11.

Larry Jackson (13-12) was the winner with Jim Brosnan's relief in the ninth.

Joeey Jay, who relieved Spahn after six innings, was injured when he slipped down an Irv Noren drive. The young right-hander suffered a chipped bone on the ring finger of his left hand, but should be all right in a few days.

Rookie Bob Anderson (3-1) beat the Phils with a five-hitter, and held batting leader Richie Ashburn hitless, dropping his average to .342 for a .004 edge over the Cards' injury-idle Stan Musial.

Roy Semproch (13-11), once a rookie of the year candidate, lost it, giving up a two-run homer to Ernie Banks, his 47th.

**Chicago Cubs tied Los Angeles Dodgers for sixth by beating Philadelphia Phils 6-2 in the only other NL game scheduled. It was held to seven innings by rain.**

It was in 1956 that the Cardinals, settled in fourth, knocked the Braves out of the National League pennant. Last season, when the Braves thought they had to put on another drive to knock off the second-place Cardinals, who had closed within two games.

Wednesday night, after Fred Hutchinson was fired as field boss, the Cards took the Braves 5-3, knocking off 20-game winner Warren Spahn, a longtime nemesis. That delayed the Braves' run to a second consecutive flag. Their magic number still is three over second-place Pittsburgh Pirates.

Chicago Cubs tied Los Angeles Dodgers for sixth by beating Philadelphia Phils 6-2 in the only other NL game scheduled. It was held to seven innings by rain.

**Three Riders Injured in Cycling Crash**

VANCOUVER — (CP) — Three California riders were taken to hospital Wednesday night following a five-bike smashup at the North American cycling championships here.

Steve Smith of Los Altos suffered a broken collar bone. The other two, Richard Bronson of Belmont and Nick Van Male of Berkeley, were not seriously injured.

Chris Eng of Vancouver won the race and captured the five-mile championship. Don Jobag of Seattle won the one-mile junior title.

## Grey Cup Site Question Still Far From Settled

By THE CANADIAN PRESS

There are only 61 shopping days left till Grey Cup time and the Canadian Football League is still seeking a stadium.

The match to decide the top Canadian professional football team is scheduled for Vancouver's Empire Stadium Nov. 23.

But, it is reported, the game may yet be switched to Toronto's Varsity or Montreal's McGill stadium because the price is too high in Vancouver.

The whole muddle could be settled today at a meeting in Vancouver among officials of the CFL, the Grey Cup committee and the Pacific Northwest Exhibition, operators of city-owned Empire Stadium.

**ASK 15 PER CENT**

The PNE has asked 15 per cent of the gross gate after taxes are deducted. That, say the reports, would work out to more than \$40,000 and it's too steep.

The Grey Cup game — staged annually between the Western Interprovincial Football Union and Big Four union champions — was first played in Vancouver in 1955. Then 39,417 customers paid \$284,682 — at from \$2 to \$10 each — to see it. That year, however,

the British Columbia government paid the stadium rental.

Both PNE spokesmen and football commissioner G. Sydney Halter said Wednesday they expect to iron out differences and sign a contract for Empire Stadium.

But the reports that Vancouver had fumbled the ball were enough to send Toronto and Montreal partisans panting off in pursuit.

**FREE EXTRAS**

Varsity Stadium, urged the Toronto boosters, offers an attractive

\$20,000 price and throws in tickets, ushers and extra police for free.

Two Montreal salesmen went to work. President Ted Workman of Montreal Alouettes said McGill could be had for much less than Vancouver, asked and Toronto had the honor last year.

Mayor Sarto Fournier promised Montreal would make Grey Cup week "the most entertaining and memorable in Canada's football history."

Any more bids, gentlemen?

## Spokane Group Going Ahead With Plans

SPOKANE (AP) — Proponents of senior amateur hockey here Wednesday went right ahead with plans to ice a team this year despite the fact that their future is pending on a decision by the State Supreme Court.

Clarence Tubbs, president of the amateurs, confirmed that the club has ordered uniforms, equipment and tickets and even picked a name for a team, the Jets.

The City of Spokane has filed an appeal calling for rejection of a Superior court ruling that the city grant the amateurs playing time in Spokane Coliseum.

The City maintains that both the senior amateurs and the Spokane Flyers, a new entry in the Western Hockey League which has already contracted for the Coliseum, would mean too much hockey.

No date has been set for the Supreme court decision.

**Elliott Does Slow Mile At Melbourne**

MELBOURNE (AP) — Australia's miracle runner Herb Elliott did his slowest mile today—13 minutes, 15.7 seconds.

He was riding through the streets of Melbourne where people gave him a hero's welcome.

Elliott, who this year has run a mile under four minutes 10 times and has established a world record time of 3:54.5, is here to talk about his future with his employers, a chemical company.

The chemical company, it was learned, will offer Elliott a university scholarship in commerce—with full pay—if he agrees to stay an amateur, running for Australia.

## Pop Ivy Has Fair Share of Troubles

MINNEAPOLIS (AP) — Coach Frank (Pop) Ivy will start biting his nails on fourth down instead of third this year. But he doesn't expect to find anything radically different in his switch back from Canadian to American pro football.

For four seasons a highly successful coach of the Edmonton Eskimos, the Oklahoman now is masterminding the Chicago Cardinals of the National Football League.

He sees nothing especially different between coaching in the NFL and Canada, except that he looks for a tougher time stopping enemy passes.

"Don't ask me why but it seems easier to defend in 12-man football than 11," Ivy said. "I don't know why it should, but it does. There are great passers in the NFL, of course, but I think there are some just as fine in Canada."

"The difference in personnel is this: Canadian teams will have 16 or so outstanding men. In the NFL most of them have 35."

**MANY ROOKIES**

Ivy's predicament at the moment is that the Cardinals may not have their share. "We're going with an awful lot of rookies and for some reason we're not as heavy as most teams," he said.

But the team has done well enough in the exhibition season, winning two, tying one and losing two. The Cards play Green Bay here Sunday.

In Canada, where his Edmonton team won the Grey Cup three times, Ivy used the T formation with a twin fullback system. In

POP IVY ... has his worries

the NFL — where he played six years in the '40s—you get only four men in the backfield and Ivy has had to whip up a new offense. He's staying with the T, using a wider split of the half-backs than most coaches.

And, of course, Ivy now has four downs instead of three to go for a first down.

"So does the other guy," he said. "There's no change there."

## Cards Fire Hutch But Admit Nothing

ST. LOUIS (AP) — St. Louis Cardinals fired manager Fred Hutchinson Wednesday but won't name his successor until the end of the season.

The replacement undoubtedly will be former Cardinal Solly Hemus, known to be the favorite of owner August A. Busch.

With Hutchinson went his three coaches, Stan Hack, Terry Moore and Al Hollingsworth. Hack agreed to manage the Redbirds until the end of the season. Then he's on his way out of the Cardinals organization, as is Moore. Hollingsworth might be offered another job in the system.

The only stumbling block in the way of Hemus being the fourth St. Louis manager in five years appeared to be terms the Philadelphia Phils might want for him. At second base for the Phils, he has been one of the few live wires on that team.

**ACQUIRE STANKY**

Eddie Stanky, now a coach with Cleveland Indians, will be with the Cardinals next year. He'll act as a "baseball brain," with a final say on trades, bonus players and rookies.

Favored for a pitching coach is Eddie Lopat. Next in line is Sal Maglie. The Cardinals would have to obtain a release of Lopat from New York Yankees, whose Richmond International League farm he manages.

Hutchinson won't be out of a job very long if he doesn't want to be. Wednesday night he attended the Cardinals game against Milwaukee Braves, which the Cards won 5-3, with Dewey Soriano, general manager of Seattle Mariners of the Pacific Coast League.

Soriano, a long-time friend of Hutchinson's, said "I've made Hutch such a good offer he'll have a hard time turning it down."

Indications were that many horse owners did not want to put their thoroughbreds up against such speedsters as Percy Yates and Fleetling Shadow already nominated for the 1 1/4-mile handicap for three-year-olds foaled in Canada.

Kennedy said the Gold Cup would be replaced Saturday by a \$2,500 race for three-year-olds and up. On closing day, Wednesday, Sept. 24, a \$3,500 Assiniboia Gold Cup race will be held for three-year-olds and up.

**Gold Cup Horse Race Cancelled**

WINNIPEG — (CP) — The first running of the \$5,000 added Assiniboia Downs Gold Cup, scheduled for Saturday at Assiniboia Downs, has been cancelled due to insufficient entries, track general-manager A. G. "Scotty" Kennedy said today.

Indications were that many horse owners did not want to put their thoroughbreds up against such speedsters as Percy Yates and Fleetling Shadow already nominated for the 1 1/4-mile handicap for three-year-olds foaled in Canada.

## Ronnie Knox To Report To Argonauts

TORONTO (CP) — Ronnie Knox, the one-time glamor boy of football in the United States and Canada, will report to Toronto Argonauts of the Big Four Union later today, it was announced by managing director Lew Hayman.

Hayman said the 24-year-old quarterback has "verbally agreed to certain terms and he will discuss further arrangements on his arrival by plane from Chicago," Hayman said that the young player, property of Chicago Bears of the National Football League, has been loaned to Argonauts for this season.

"Everything is in order," Hayman said. "Ronnie's transfer has been cleared by NFL commissioner Bert Bell."

**NO STRANGER**

Hayman hoped that Knox would arrive in time for practice tonight but he added there was no possibility he would play against Ottawa Rough Riders here Saturday.

Knox is no stranger to Canadian football.

Former star with the University of California at Los Angeles, he played seven games—at \$1,000 a game—for Hamilton Tiger-Cats of the Big Four in 1956 and split with the club when his controversial step-father, Harvey, demanded that Ronnie be installed as first-string quarterback and play at least 30 minutes a game.

Tiger-Cats thought differently and Ronnie, with his step-father in tow, left the club and days later reported to Calgary Stampede of the Western Interprovincial Football Union.

He finished out the season with the last-place Stampede and subsequently was signed by the Bears. Personal differences between Ronnie, his step-father and Bear officials led to Ronnie's suspension and he did not report to the Chicago club this year.

Hayman said that the step-father would not come to Toronto with the player.

HEARTS OUT

Edinburgh Hearts beat the Standard Club of Liege at Tynecastle by 2-1 in the second leg of their European Cup round at Tynecastle, but they lost the round by 6-3, Liege having won the first game 5-1. That ends Scotland's hopes for European cup play for another season.

Now Hearts can settle down to retaining their laurels of last season. They made a good start by defeating Ayr United 5-1 in the quarter-finals of the Scottish League Cup.

**POOLS WINNINGS**

Punters in the old country football pools got into some big money last week. Two men won £75,000 each (\$202,000) on an investment of two shillings in Vernon's eight by 2-0.

game treble chance pool. Four others shared £212,000, each receiving £53,000 (\$143,000) in the Littlewood's treble chances for eight games. One of the £75,000 winners was a farm worker.

He was asked to go to London to be formally presented with his cheque at a ceremony and he declined, saying he was too busy with the harvest to take a day off to go to London. A special messenger delivered his £75,000 cheque to his home.

**BITS AND PIECES**

Bobby Collins, Celtic and Scotland inside right, has had his transfer request granted by the Celtic management. Celtic's traditional possibility is not to hang on to a player who wants to leave the club. Celtic is now waiting for offers for this star forward, with Arsenal likely to be first in the lineup to get his signature.

David Jack, one of the greats of English football, who played inside forward for Arsenal, Bolton and England, has died at the age of 60. He was the first player to score a goal in the Wembley Stadium at the opening of the English Cup Final game there, in which he helped Bolton beat West Ham

CROONER IN TROUBLE MOSCOW (Reuters)—Russia's star crooner, whose records sell millions, has had his car licence suspended for life for dangerous driving through the centre of Moscow. To add to singer Mark Bernes' troubles, Pravda has blasted him for ruining Soviet light music with his "bad crooning" and indicated his career is finished.

TAX INCREASE CAPETOWN (Reuters)—South Africa's 8,000,000 Africans face the prospect of a 75-per-cent increase in their annual tax as a result of a new bill given approval in principle by the House of Assembly. The bill, approved by a vote of 77 to 42 despite bitter opposition protests, provides for a basic increase of taxation to 35 shillings a year from 20.

TO AVOID STRAIT HONG KONG (AP)—The Jardine Matheson Shipping Company, one of the largest in Hong Kong, Wednesday ordered all ships to avoid Portman Street as a result of an admiralty warning. Nearly all other shipping companies have issued similar orders.

NEW AMBASSADOR LONDON (AP)—Russia Wednesday named Aleksandr Aleksandrov as ambassador to Iceland. Moscow radio said Aleksandrov will replace Pavel Ermoshin, who has been transferred "to other duties." Russia has supported Iceland in her fishing dispute with Britain.

## Monetary Meeting in New Delhi Set

By ALAN HARVEY  
Canadian Press Staff Writer

MONTREAL (CP)—The Commonwealth trade conference shapes up increasingly as a well-orchestrated prelude to wider meetings taking place next month in New Delhi.

No matter how vital the decisions here may seem, they still take second place in importance to the gathering starting Oct. 6 of the governors and directors of the International Monetary Fund and the International Fund for Reconstruction and Development.

That's because the big man who isn't here—the United States—will be present at New Delhi. In Montreal, the U.S. isn't represented even by an observer.

RELAX CONTROLS

Wednesday, the Commonwealth marked another stage in its glacier-like advance toward free trade with a British announcement of relaxed restrictions on canned salmon, newsprint and office machinery.

Britain's announcement fits into a pattern that began to emerge last June when Prime Minister Harold Macmillan of Ottawa preaching a theme of economic interdependence in the free world.

Out of Mr. Macmillan's talks came a new idea—the plan to infuse a big new flow of resources into the IMF and the World Bank, two of the free world's principal economic institutions.

The U.S., principal contributor to the two organizations, announced support for the idea. Seen against this background, the current Commonwealth conference takes on greater significance.

By JACK VAN DUSEN  
Canadian Press Staff Writer

TORONTO (CP)—One of Canada's largest food chains Wednesday told a royal commission that gimmick advertising plays only a minor role in the pushing of its food products.

Dominion Stores Limited told the royal commission on price spreads of food products that promotions such as contests, premiums and trading stamps have "attracted dominant attention" but represent "only a minor share of total advertising expenditures."

The commission, investigating the widening gap between prices paid the farmer for his products and prices paid by the consumer for finished foods, was holding its final day of Toronto hearings. Hearings will resume in Quebec City Oct. 14 and the commission will go from there to Montreal and Ottawa.

The Dominion Store brief said its main "communication with the consumer market" has been the "publicizing of available merchandise and prices, essential to the process of marketing and to informed consumption of food."

SEEK EFFICIENCY

"In addition there have been various forms of ancillary advertising or promotion. These devices vary from time to time as a manifestation of continuous striving for the greatest possible advertising efficiency—the most sales per advertising dollar invested."

# Recalls Donat's Last Film Role

By BOB THOMAS  
HOLLYWOOD (AP) — Who is your favorite actor? I don't mean just the current heart throb. I mean the actor you enjoy year after year, who is satisfying even in mediocre or poor movies.

Several come to mind—Walter Huston, Humphrey Bogart, Fredric March, James Cagney, William Holden, Marlon Brando. But I think my all-time favorite is Robert Donat.

My first encounter with him was The Count of Monte Cristo. The other films were equally vivid—39 Steps, The Ghost Goes West, The Citadel, Goodbye, Mr. Chips, Vacation From Marriage. Naturally, I was interested to hear from Mark Robson an account of Donat's last days. Robson directed the actor in The Inn of the Sixth Happiness with Ingrid Bergman and Curt Jurgens in Wales.

**TALKS TO DOCTOR**  
"I thought of Donat for the part of the Chinese mandarin and had a meeting with him and his solicitor in London," said Robson. "He seemed quite ill and was very quiet through the meeting. After he read the script, he told me it was something he would like to do. But he suggested that I talk first to his doctor."

"The doctor told me that Donat had been a dying man, but now there appeared some hope. He thought work would be the best thing in the world for him. The studio wanted him to test to see if he could look Chinese. I told them you don't ask Robert Donat to test — just pin a thin goatee on his photograph. They agreed."

## WORKS LIKE GARBO

"When he started to work, I was surprised to learn that he worked like Garbo — with flats surrounding the set so no one could see his performance except the other actors, the cameraman and myself. Even the workers above the set had to hide from view."

"His first scenes appeared to be a great effort for him. I thought he would improve, but I found out that he was at his peak. Afterward, he declined. He seemed to have no strength and remembering lines was a struggle for him. I had to shoot some scenes many times. On occasion, I used blackboards to help him remember."

"Ingrid and Curt were extremely kind to him, and he was appreciative for everything. He was a very unimposing man. He seemed unsure of himself as an actor and even surprised at the success he had had."

## FAILS RAPIDLY

Donat was failing rapidly, and Robson was faced with a problem. The huge Chinese village that had been built in Wales had to be bombed for the latter part of the film. Donat had to appear in the last scenes, yet many more scenes had to be made of the unbombed village. Robson finished up Donat's scenes by bombing small portions of the set. "His last scene was the most prophetic I have ever directed," Robson said. "In it, he said goodbye to his friends and his past. The day after he finished, he went into the hospital. Two weeks later, he was dead."

## CONTRACT BRIDGE

By B. Jay Becker

(Top Record Holder in Masters' Individual Championship Play)

South dealer. East-West vulnerable.

♥ K 5 2		♥ 10 9 2	
♦ A J 10 7 4		♦ A 4	
♣ K Q 5		♣ A 4	

The bidding: South 1♣, West 2♣, North 3♣, East 4♣.

Opening lead — jack of hearts.

In the annual National Interstate Bridge Tournament, earlier this year simultaneous play at 97 colleges throughout the country, this hand was as a test of defensive skill.

It was expected that most pairs would reach a final contract of four spades, and this, in fact, occurred.

The normal heart lead was won by the king, and the result of the hand depended largely on what happened at trick two.

Obviously, East has to return a diamond, considering the dummy he is looking at. The first

problem is which diamond to play. The correct return is the eight of diamonds. Ordinarily, with a four-card suit, a defender would lead his fourth best card, in this case the three.

The purpose, in following this convention, is to inform partner of the number of cards held in the suit led. In most cases this information is vital to the other know how many cards declarer has in the suit led.

But this principle of defense has its exceptions. Where it is more important to notify partner of the quality of the suit played than the quantity, a departure from the usual practice is made. With a weak holding that cannot stand the return of the suit the highest card is led.

The eight of diamonds is therefore returned and South plays the king. Now West is put to a test. He must allow the king to win. If he does not, declarer makes the contract.

If West ducks the diamond king, as he should because East led the eight, South is defeated.

Whenever, later in the play, East comes into the lead with the king of clubs, he returns a diamond to cook declarer's goose.

And West should realize at trick two that unless East has a high club there is no hope of beating the contract.

Tomorrow: The rebid after making an informatory double.

## Canadian Farmers Received \$1.3 Million for Their Produce

OTTAWA (CP) — Canadian farmers received a record \$1,300,000 in cash income from sale of their produce in the first half of this year, the bureau of statistics estimated Wednesday. Income rose in every province, the bureau said, as the national total increased by about nine per cent from \$1,200,000,000 in the first half of 1957. The impetus was provided by sales of livestock and animal products, up about 16 per cent to \$807,000,000 in the six months. Returns from field crops dropped to \$424,497,000 from \$431,541,000. The bureau said this was due to three factors: smaller cash dis-

tributions for wheat by the Canadian wheat board, substantial payments of cash advances on Prairie farm grains, and a sharp drop in flax marketings. The impact of this field crop decline on the Prairies was lessened, however, by a 21-per cent rise in Prairie income from livestock and animal products. The income increase in most provinces was close to the national average of nine per cent. Six-month figures include: Manitoba \$100,427,000 (\$86,853,000); Saskatchewan \$272,676,000 (\$259,000,000); Alberta \$226,998,500 (\$214,692,000); British Columbia \$50,981,000 (\$46,581,000).

HENRY

AS RECREATION specialist at RCAF's No. 1 Air Division Headquarters, Metz, France, Leading Airwoman Marion Greeno of Vernon had the added job of tour agent for travel minded personnel. Here she explains accommodation facilities at the Brussels World's Fair to Leading Aircraftman Ray Stone of Windsor, Ontario.

## Vernon Airwoman Returns From France

METZ, France — Everyone enjoys planning a holiday, but for Leading Airwoman Marion Greeno of Vernon, B.C., the last two years have brought not only her own holidays to arrange, but those of tourist-minded personnel serving at No. 1 Air Division Headquarters, Metz, France.

Although her duties as a recreation specialist normally involve sports and recreational activities, with her overseas posting to Metz, in June 1956 came the added job of tourist agent.

Marion explains that when she arrived at Air Division Headquarters the information centre undertook only the planning of special long weekend tours.

"Now," she says, "the business is so big that we can't handle all the work."

Acting as a so-called middle-man between the RCAF tourists and the tour agencies, Marion arranges schedules, obtains visas, and books passage on the many bus and train tours throughout Western Europe.

"This time of year many people want to go to Spain," she points out. "And of course with the World's Fair in Brussels, everybody is trying to fit Belgium into their holidays."

Asked where she herself has managed to travel during her two years in Europe, she replies, "Well the only places I haven't been are the Scandinavian countries and Spain."

And her favorite holiday spot? Without hesitation she chooses Italy, and in particular Venice, the city of canals and gondolas. She has regularly sent home to her parents, Mr. and Mrs. C. R. Greeno, 3210 26th Avenue, Vernon, color slides of her travels, and the countries she has enjoyed most.

Joining the RCAF in 1955, Marion took her basic training at Personnel Selection Unit, St. Jean, P.Q., and was instructed in the recreation specialist course at RCAF, Aylmer, Ont. Before her posting to Europe in 1956 she served in the recreation centre at

## Federal Bond Issue Sold Out

OTTAWA (CP) — The Government of Canada Wednesday oversold a \$600,000,000 bond issue in 45 minutes.

The announcement Wednesday night followed by only three hours a government report that its mammoth \$6,400,000,000 conversion loan has been a "resounding" 88-per-cent success.

The indication was that borrowing money is plentiful in Canada — both for short and long — term loans.

And the government has not finished its financial angling. It announced Tuesday its annual Canada Savings bonds issue will go on sale as usual this fall.

The purpose of the gigantic bond programs is to raise \$1,400,000,000 to meet current federal money needs.

Finance Minister Fleming said Tuesday the conversion loan program was to make conditions favorable for raising immediately the required money. By getting holders of near-mature wartime bonds to convert to longer-term, higher interest bonds, a top-heavy situation in the bond market was removed, making money available.

With the finance market back in balance, money was available for purchase of Wednesday's special bond issue and for the fall issue of regular savings bonds.

Proceeds from the \$600,000,000 issue will be used by the government to refund \$400,000,000 in bonds which mature Oct. 1, leaving \$200,000,000 for general purposes.

The books for yesterday's special bond issue were opened at 5 p.m. EDT and were closed at 5:45 p.m. Purchases were about evenly divided at more than \$300,000,000 each between the nine-month 2½-per-cent — interest bonds and 18-month 2½-per-cent interest bonds. Both were oversubscribed.

The saving bonds, to go on sale Oct. 14, mature after 15 years and pay 4.19 per cent for the full term.

Fire Chief Picks Apples and Pears From Same Tree

MOUNT BRIDGES, Ont. (CP) — If Caradoc township fire chief Ray Northcott wants an apple he picks one from a tree in his back yard. If he wants a pear he can also pick one — from the same tree. In fact the tree is virtually a growing fruit stand.

At last count, four kinds of apples and two varieties of pears were dangling harmoniously from its branches.

Ten years ago the original pear tree was cut to a three-foot-high stump. Then Mr. Northcott started experimenting. He grafted branches from various kinds of apple trees on the stump. Then he tried various pear tree twigs.

Next year the chief says he may add peaches and plums.

Next year the chief says he may add peaches and plums.

## Conference to Study Red Economic Drive

By HAROLD MORRISON  
Canadian Press Staff Writer

MONTREAL (CP) — The Commonwealth trade conference today plunges into an intensive scrutiny of the Sino-Soviet trade drive and some members likely will call for a showdown with Britain and other major powers in development of protective trade pacts.

Such countries as Malaya, India, Pakistan and even Canada have indicated that Communist exports are beginning to invade their traditional markets, upsetting prices and causing unemployment and other problems at home.

They want Britain, the United States and other major buyers in the free world to give them assured markets for their vital exports, such as wool, jute, grain and other raw materials. But Britain may hedge a little on any final commitment for she lives heavily on raw materials and high prices may leave a scar on her economy.

and exporters, meant that Britain had fixed a rough timetable for moving toward complete convertibility of her currency within a year or so.

This was a surprise move seen by observers as a U.K. step to end North American criticism of her import policy. It may cost Britain some dollars taken from her vital exchange reserves but on the other hand it could increase competition in the U.K.

market and perhaps reduce prices.

The general consensus at the closed-door conference was that the U.S. was recovering from its recession and this in time would filter through the free world. But there were conflicting views as to when each country would begin to feel the impact of U.S. recovery. Some thought it may be within a matter of months; others not before some years.

## WORLD BRIEFS

**REAL ESTATE MEETING**  
MONTREAL (CP) — The 15th annual convention of the Canadian Association of Real Estate Boards is to be held here Sept. 21-24. About 1,000 delegates are expected to attend.

**WILL ASK WITHDRAWAL**  
BEIRUT, Lebanon (Reuters) — Rashid Karami, a candidate for the Lebanese premiership, said Wednesday the new government will immediately ask for the withdrawal of United States troops from Lebanon. A new government is due to take office after the inauguration of president-elect Fuad Chehab Sept. 24. Karami has been nominated by opposition and rebel leaders.

**LOAN FROM REDS**  
COLOMBO, Ceylon (Reuters) — Ceylon and Communist China Wednesday reached agreement on a 50,000,000 - rupee (\$10,000,000) Chinese loan to Ceylon. The loan will be made in four annual instalments starting this year in the form of machinery and equipment. It is repayable at 2½ per cent interest in 10 equal annual instalments starting in 1961.

**FIRS TOSUALTY?**  
AKRON, Ohio (AP) — Perhaps the first casualty of the current hula hoop craze was reported Wednesday. Mrs. Dana Cramer, 58, of Akron fell and fractured her left hip while playing with a hoop.

**MacQueen; Rev. R. Douglas Smith, pastor of Robertson Church, Edmonton; Rev. Hugh A. McLeod, pastor of Knox Church, Winnipeg; and Dr. Malcolm C. Macdonald of Toronto, secretary of the church's board of home missions, as moderator candidates.**

**Dr. Macdonald was eliminated on the first ballot and Dr. Smith on the second. Mr. MacQueen won over Dr. McLeod on the third.**

**SERVED IN EDMONTON**  
Mr. MacQueen for the last four years has been chairman of the church's national board of evangelism and social services.

**He has held the 1,000-family London pastorate since 1951, going there after five years at Robertson Church in Edmonton.**

**A native of Port Morien, N.S., he was ordained at Sackville, N.B., in 1935 after receiving his education at Mount Allison University there and Pine Hill Divinity Hall, Halifax.**

**He started his active service as assistant minister in St. Andrew's Church at Sydney, N.S. His first pastorate was at the United Church in Port Hawkesbury, N.S.**

**Mr. MacQueen was married in 1936 to the former Nettie MacFadyen of Sydney and they have four daughters.**

**He had found some changes in the religious interests of university students.**

**"They want to know what we mean by God. They want to understand His ways with men. They want to penetrate to the heart of our teaching about the person of Christ and His Gospel."**

**Following Dr. Thomson's address to the council session in centre-town Chalmers Church, the delegates nominated Mr.**

## Monty Retires After 50 Years' Army Service

LONDON (Reuters) — Bernard Law Montgomery, the most controversial figure produced by the British Army for 300 years, goes into retirement this week.

At 70, Field Marshall Viscount Montgomery of Alamein, deputy supreme Allied commander in Europe, will have been a commissioned officer for 50 years when he steps into retirement Saturday.

No other British military man has been so gaudily praised or so bitterly criticized since Oliver Cromwell.

Sir Winston Churchill once called him "a Cromwellian figure, austere, severe, tireless."

**LIVED IN TASMANIA**  
Born in London, Montgomery was two years old when his father, an Anglican clergyman, was made bishop of Van Diemens Land and the family moved out to Tasmania, Australia's island state.

Later he went to school in London and then to Sandhurst, where he graduated 30th in a class of 150.

At 21 he went to India and returned to England four years later as a full lieutenant. Two years later he was in France fighting the Germans.

He was badly wounded in the retreat from Mons — a bullet passed right through his chest — and a grave was prepared for him. But he survived and at 27 was a major.

## Calls for Freer Exchange of Ideas Among Scientists

KUTZBUEHEL, Austria (Reuters) — An American physicist Wednesday called on the East and West to allow a freer exchange of ideas among scientists.

Dr. Harry Palevsky, secretary of the Federation of American Scientists, was speaking on "problems of the exchange of ideas between scientists of East and West" before 50 scientists from 21 countries meeting at the third Pugwash conference. The parley gets its name from the first meeting held in 1957 on the estate of industrialist Cyrus Eaton at Pugwash, N.S.

"Free exchange of ideas between scientists of East and West will only be possible if science is separated from politics," Palevsky said.

He deplored the fact it was hard for Western scientists to get to know the situation in the East bloc and maintained this difficulty was increased by the attitude of Western public opinion.

The population of the United States, he said, was not in favor of Eastern scientists visiting the United States and the cold war had increased this distrust.

Whenever it became known that Eastern scientists had visited a laboratory, the director of the laboratory received a flood of letters of protest, Palevsky said.
